

TROUBLE SEEMS IMMINENT IN THE BUILDING TRADES

Scales Which Were to Be In Effect Today Are Not Satisfactory.

CARPENTERS IN QUANDARY

The Contractors Present Terms Which Are In Nature of an Ultimatum.

THE MEN GOT NO NOTICE

Of the Proposed Action of the Bosses, Who Say They Will Pay \$3 a Day Only to the Men Who Can Earn It. Stone Masons Dissatisfied.

Four of the building trades had scales which became operative this morning, and in at least two cases these promises to be trouble. The painters' scale was signed some time ago and in the case of the plasterers no opposition was made to the demands of the men.

On account of the alleged unbusinesslike methods employed by the contracting carpenters of the city it is very probable that some difficulty is going to be experienced in securing a satisfactory settlement with the journeymen with reference to the new scale of wages which was to go into effect this morning.

For the past three months, or ever since the members of No. 328 decided to ask for an increase in pay and acquainted the contractors with the fact, there has been a disposition on the part of the bosses to resist the demand. Communications have passed between the bodies, with no results; propositions and counter propositions have been made and turned down at each end with surprising regularity. Finally a committee was appointed to confer with the contractors, but this move, the men say, was as unproductive of results as the former efforts. The employers have taken the stand from the first that they would not pay the rate asked—\$3 per day—unless the workman was able to earn that amount, and they insist upon having the right to be the judges of the competency work.

An official of No. 328 stated this morning that this question is a superfluous one, since the constitution of the union would not permit the organization to uphold an incompetent workman and the contractor was at perfect liberty to dispense with the services of such a man at any time.

At a meeting of the bosses last night a resolution was adopted, a copy of which can be seen elsewhere, and from a statement made by a prominent contractor it is in the form of an ultimatum.

The contents of this resolution, the men say, they have not been made acquainted with, and knew nothing about, as they had not been furnished with a copy.

Harvey McHenry's crew, employed on the new addition at Laughlin No. 2, not having had any official notification from the bosses as to what they proposed to do, went out and to the headquarters of the firm at the Robert Hall lumber yards.

It is said the members of the building trades council are divided as to what course ought to be pursued with the several trades. A majority, however, are said to favor granting the requests of all except the carpenters, and this fact accounts for the stand taken by the employing carpenters.

A meeting of the union will be held tonight.

The stone masons' scale was to have gone into effect this morning, but it had not yet been signed and no work has been done. This fact is due in a great measure, however, to the inclement weather. A conference is being held today between John Schmeltzenbach, James Cunningham and Mr. Hinton, of the bosses, and a like number from the men today. To the present no agreement has been reached.

DEFACING MAIL BOXES

Men Scratching a Match on One Subjects the Offender to Heavy Penalties.

Complaints have frequently been made to the postmaster in this and other cities of the defacement of mail boxes. It may not be generally known,

but it is a fact that a person can be fined and imprisoned for even scratching a match on a letter box. The law imposes a penalty of \$100 fine to three years' imprisonment for the defacing or mutilation of mail boxes.

The striking of matches on the boxes, the breaking of the glass covering postal guides, the cutting of postal guides that are of celluloid, or the marking in any manner, no matter how trivial, is sufficient cause for the arrest of guilty parties.

RINEHART SALE

TO THE PENNSYLVANIA NOT YET EFFECTED.

Owner of the Property Reluctant to Meet a Representative of the Railroad.

Attorney F. J. Mullins, of Salem, representing the Pennsylvania company, was in the city yesterday, and it is announced the object of his visit was to close up the deal for the John Rinehart property on Second street.

Mr. Rinehart, it is said, was not anxious to see the officials and spent the day in Pittsburg. He could not be seen today and it is presumed he is still out of town.

The statement has been made that Mr. Rinehart would refuse to transfer the property at the figure originally agreed upon, but the railway people believe they have a good case and can get the site.

At the time the deal was closed about six weeks ago, there was a contract. This document provided for a consideration of \$10,000, but makes no mention of the time the money shall be paid over. The agreement further provides that Rinehart shall give possession on March 27, and that on or before that date he furnish an abstract of title to the property.

This latter clause, the officials say, has not been complied with and until it is, no money shall be paid over. They further say no consideration in excess of \$10,000 will be paid. Mr. Mullins returned to his home last evening, but it is likely he will return this week.

BEFORE A JURY

Case Brought By E. W. Hill Against W. H. Adams Placed on Trial.

The suit brought by E. W. Hill against W. H. Adams to collect money alleged to be due as commission on a sale made for the defendant by the plaintiff, was placed on trial in Justice McCarron's court this afternoon.

A jury composed of the following gentlemen is hearing the case: Samuel Cartwright, John W. Wyman, David Wallace, John W. Hall, Christian Metz and Pat McNicol.

A large number of witnesses have been subpoenaed and the case is being fought to the bitter end.

COULDN'T FIND HIM

Mrs. Mary Baker Gives Up the Search for Her Missing Husband.

Mrs. Mary Baker, who came here yesterday from Steubenville in search of her husband, who, she alleges, deserted her after taking \$40 of her money, went to Wellsville last evening.

It was learned by the woman that Baker left here a few days ago, ostensibly to go to Pittsburg. She also learned that he had not been working, but instead was spending the stolen money about the saloons.

A Jury Ordered.

Lisbon, April 1. — (Special.) — In the case of the city of Salem vs. the Lelsy Brewing company, of Cincinnati, the probate court has ordered the empaneling of a jury April 11 to assess the property and determine the amount to be paid the county if the property is used to widen Penn street.

Ordered to File Account.

Lisbon, April 1. — (Special.) — A. H. Clark, administrator of George Hallans, late of East Liverpool, has been ordered to file an account by April 12 to furnish reasons for not doing so.

Will Probated.

Lisbon, April 1. — (Special.) — The will of the late Mary E. Whitaker, of Center township, has been admitted to probate. Lodge Riddle is executor. P. M. Armstrong, George Force and W. O. Smith are appraisers.

A SAVINGS BANK

Will Soon Start Business in This City With \$100,000 Capital—Incorporation Papers Have Been Issued.

The Dollar Savings Bank company, of East Liverpool, has taken out a certificate of incorporation to conduct business which savings and loan associations are authorized to engage in. The capital stock is \$100,000, in shares of \$100 each, and Messrs. David Boyce, M. E. Golding, John W. Vorey, H. N. Harker and George H. Owen are the incorporators.

No stock has yet been subscribed, but as George H. Owen this morning received the incorporation papers from

Columbus, no time will be lost in forming an organization, and disposing of the stock.

No difficulty will be encountered in this particular, as the need of an institution of this character has long been felt in the city. The promoters have a location in view, and it only remains for the formation of a permanent organization for the concern to begin active operations.

It is expected that the bank will be open and ready for business within six weeks.

FOUR WERE FINED BY THE MAYOR

Echo of the Raid on James Walters' Saloon—One Will Stand Trial.

WALTERS IS NOT AT HOME

And It Is Reported He Has Left Town. John Brighthouse's Troubles—James Penny Taken to the Canton Workhouse.

Four of the young men caught in James Walters' saloon when the police raided it Sunday night, appeared before the mayor last evening. Three pleaded guilty to the charge of loitering and were fined \$2 and costs each, which was promptly paid.

Daniel Pickal, who was among the unfortunates in the raids, is in jail. He intends to stand trial, though he admits he was in Walters' saloon after the hour of closing. He claims exemption from a fine for the reason he is a boarder at Walters' place. The trial is set for Thursday, when the mayor will decide the question of Pickal's responsibility.

It is said that Walters is missing from the city and it is thought he has left in preference to paying a fine of \$100 and costs, which the mayor would in all probability impose on him.

John Brighthouse was arrested at an early hour this morning at his boat house near the flint mill. A patrol call was sent to the fire station by Mrs. Brighthouse, who informed Patrolman Woods that her husband was creating a disturbance.

Brighthouse was taken to jail, but his story to the mayor this morning was so greatly in contrast to that told by Mrs. Brighthouse that he was discharged. He claimed he was not trying to create trouble, but only attempting to stop a carousal which was in progress at his house. The mayor believes the man to innocent of much of the crime he is frequently accused of.

A tramp giving the name of William Curtis was arrested by Patrolman Woods last night. He was found at Brunt's pottery in a bad state of intoxication. Having no money Curtis was ordered this morning to leave town. He claims Maysville, Ky., as his home.

James Penny was taken to the Canton workhouse this morning by Officer Mahoney.

FRATERNAL VISIT

Masons From the Monongahela Valley Will Be Entertained Here Tonight.

The special train bearing from between 70 to 80 Masons from California, Pa., and upper Monongahela valley towns will arrive at this city this evening at about 6 o'clock. These Masons will visit the local Masonic Blue lodge for the purpose of witnessing the working of the third degree. The train will return to the Monongahela valley late tonight.

Masons from Brownsville, California, Charleroi and other towns are expected in the party.

Elaborate preparations are being made for the entertainment of the visitors. The object of the trip is to witness the Ohio secret work, and it is likely the Pennsylvania men will be most pleased with their visit, as the East Liverpool organization is one of the best in the state.

The Evening News Review is the largest and newest East Liverpool paper.

NEW REDISTRICTING BILL OF A SWEEPING CHARACTER

"And that by petition we request the representatives of the several states to disannul the compromise with death and league with hell in the imposition by the government of a tax or granting license for the manufacture or sale of intoxicating liquor as a beverage, the levying or granting of which gives a seeming legality and the silent endorsement of our much boasted Christian civilization to the hellish traffic."

Speeches were made by several members of the party, all urging that the local campaign be pushed vigorously.

NEW PLEASURE BOAT

TO BE STATIONED AT EAST LIVERPOOL SOON.

Will Accommodate Fifty Persons And Be Used for Small Private Excursions.

Zinn Scharlott, formerly a resident of this city, but now of Allegheny, was in the East End this morning, visiting friends. Mr. Scharlott said:

"I have about completed the building of a new stern wheel pleasure boat which I will bring to East Liverpool about the first of the month. It will be used for small private excursions, and will be operated on the Ohio from this city and Steubenville. The boat will accommodate about 50 persons, and it has been pronounced by boatmen at Pittsburg to be one of the best little pleasure crafts ever built there. The headquarters of the boat will be in this city."

GAS EXPLOSION

AT A DECORATING KILN CAUSES EXCITEMENT.

Dresden Employees Have a Narrow Escape—Door Blown Off And Ware Suffered.

An explosion in a decorating kiln in the Dresden pottery this afternoon caused much excitement and gave the employees of the decorating department a narrow escape.

It is supposed that the kiln was filled with gas when lighted. As soon as the gas blazed up, there was a loud explosion, which blew the iron door off and caused havoc among the ware. Nobody was hurt, but many were badly scared.

IN CIRCUIT COURT

The Case of Ohio Against Dr. W. L. Thompson Will Be Argued Tomorrow.

Lisbon, April 1. — (Special.) — Congressman and Mrs. R. W. Tayler arrived from Washington this morning. Mr. Tayler is interested in the case of Ohio against Dr. W. L. Thompson, which was taken to the circuit court on error.

While it cannot be absolutely certain when the case will be heard, it is expected the argument will take place tomorrow.

As the Republicans In the Legislature Don't Favor Its Provisions.

A CHURCH OF SCIENTISTS

Asks for Incorporation at Salem—Woman Suffrage Proposed — Other Matters Before the Ohio Legislature for Decision.

From a Staff Correspondent.

Columbus, April 1. — Representative Bell, of Licking, yesterday introduced a sweeping redistricting bill in the house. It provides a change for every congressional district in the state, and if adopted, would give the Democrats eight instead of five representatives in congress. The measure contemplates radical changes in the eastern part of the state. Stark, with Holmes, Tuscarawas and Wayne, would constitute the Fourteenth district; Belmont, Carroll, Columbiana and Jefferson would compose the Seventeenth district; Lorain, Medina, Portage, Summit and part of Cuyahoga the Eighteenth district, and Ashtabula, Geauga Lake, Mahoning and Trumbull the Nineteenth district. The Republicans will defeat the bill.

Senator Herrick, of Cuyahoga, introduced a bill authorizing municipalities to issue bonds without special legislation.

Representative Williams, of Mahoning, dropped three measures into the house hopper soon after that body convened yesterday afternoon. One of them authorizes the sheriff of Mahoning county to appoint a turnkey to prevent semi-monthly jail deliveries; a second forbids the employment of industrial or special police by mills, factories, etc., and the third provides that the terms of all county commissioners shall begin on the first Monday in January instead of on the first Monday in September, as at present.

Representative Kinsman, of Trumbull, has introduced a bill to grant woman suffrage in Ohio.

The apostles of that famous expounder of the doctrine of Christian Science and faith cure—Mary Baker Eddy, of Boston—who reside in Salem—and they seem to be quite numerous—have banded together and have formed a church. On Monday articles of incorporation were issued to them by Secretary of State L. C. Laylin for the First Church of Christ, Scientist, of Salem. The incorporators are as follows: Mrs. Ellen D. Mayenhof, Estelle Mayenhof, George Lambert, Richard Jones, Emily Jones, Agatha Lambert, Mrs. Mary W. Courtney, Mrs. M. C. White, Ida Eldridge, W. C. Hare, Raymond Jones, Mary E. Flaxon, Sarah R. Burgham and Mrs. E. Lambert.

OIL OPERATIONS

Continue Active, Several Good Wells Being Reported Lately.

There has been considerable work in progress in the local oil fields during the past week. Calhoun Bros. are drilling a well in Green township for F. M. Leasure & Co., of this city, and the same firm a few days ago leased a well on the Stewart farm in Grant district. The contract for the drilling of this well has been let to C. J. Hummerville, and work will soon commence. LaCombe Bros. have brought in a good well in the Turkey-foot extension, which is claimed to be producing from 60 to 70 barrels per day.

At Randall's, between Smith's Ferry and Industry, has been brought in a well good for 25 barrels a day.

Ministerial Association.

The following ministers attended the meeting of the Ohio Valley Ministerial association in the Presbyterian church at Toronto yesterday: Revs. W. B. Irwin, Steubenville; John S. Hamilton, East Liverpool; J. P. Leyenberger, Island Creek; H. Gough Breibhy, Toronto; J. Allison Platts, Mingo; J. M. Potter, Brilliant, and L. L. Gray, Knoxville.

WE are going to put in stock a new flour that will be distinctly our own brand. We have been in communication with a number of millers in the country and have found a flour we think superior to any other. As yet we have no suitable name for it. We are going to give you a chance to name it and in order to find a suitable name we will give \$10 to the person who suggests the name that will be accepted.

THE CONTEST IS OPEN TO EVERYBODY!

You do not have to buy one cent's worth of goods to enter. It is entirely free.

CONDITIONS:

The contest will be open until May 1st. No suggestions will be accepted after April 30th. The name you suggest must be written plain with your name attached and sealed in an envelope. The name is to be chosen by a committee of three disinterested ladies and we will accept the name they select. No person connected with any of our stores will be permitted to enter.

EAST END PING PONG PARTIES

Now the Rage And a Tournament is to Be Arranged.

Ping Pong is the treat of the season. It is interesting and it is fascinating, and now that the game has been introduced into East Liverpool, ping pong parties are the rage. A ping pong party was given last evening at the home of Mr. and Mrs. Saunders, on Hamilton avenue, where a number of interesting games were played.

Messrs. Moore and Speakman, artists at the Laughlin pottery, played a number of exhibition games, their playing being indeed clever. A conference of persons interested in the advancement of ping pong in this city will be held this week to arrange for a number of tournament games.

NOTHING FOR HIS TROUBLE

Man Who Caught Logs Did Not Even Get Paid In Thanks.

William Price, a frame filler at the Laughlin No. 2, is mourning the loss of a small amount of money. During the recent flood Mr. Price faced death in capturing a number of logs, some of which had but one knot in them. Last week the small steamer, Kathryn came down the river, and seeing the logs the captain ordered the deck hands to gather them in. Price heard of the action of the boat's crew, but arrived at the river shore too late to save his property. Price claims he could have received 40 cents per log as compensation for catching them, but his labor has been in vain.

NEW PARSONAGE

Expected to Have It Completed Within the Next 60 Days.

Stone is being hauled to the site upon which will be erected the parsonage of the Erie street M. E. church, and at the next meeting of the official board of this church the time will be set when work is to be completed. It is thought the parsonage will be ready for occupancy within 60 days, or sooner if possible.

Treated With Anti-Toxin.

Sophie Larkins, the young daughter of Mr. and Mrs. Larkins, of Erie street, who has been ill with diphtheria for some time, was somewhat improved this morning, and there is now some chance for her recovery. Yesterday 6,000 units of anti-toxin were administered and since then the child's condition has been steadily improving.

Epworth League Meeting.

The regular monthly meeting of the Epworth League of the Erie street M. E. church will be held in the church this evening. Matters more of a routine nature will be considered. New officers of this league will be elected at a meeting to be held the first of May.

Ill in Trenton.

Elijah Mountford, of Ohio avenue, assistant manager of the Laughlin pottery No. 2, received word yesterday of the serious illness of his son-in-law, William Canover, at his home in Trenton. His condition is such that his recovery is considered doubtful.

EAST END AFFAIRS.

James Wheatley, of Ohio avenue, who has been seriously ill for several days, is rapidly recovering.

A little son came yesterday to brighten up the home of Mr. and Mrs. James Terry, of Globe street, Helena.

Mrs. Parks and Mrs. Miller, of East Springfield, are visiting at the home of Mr. and Mrs. R. Baird, of Mulberry street.

W. H. Azdell, who has resided in the East End for several months, today removed his family to a farm near No. 9 school house.

E. J. Middaugh and wife left this morning for Binghamton, N. Y., where Mr. Middaugh has taken a position with the Bell Telephone company.

The annual congregational meeting of the members of the Second Presbyterian church will be held next Monday evening, when the church reports of the year will be presented by the several officers of the church.

Only Thirty Dollars.

During the months of March and April the Missouri Pacific railroad and Iron Mountain route will sell tickets from St. Louis to California at the exceptionally low rate of \$30.00. Proportionately low rates for round trip tickets on certain days during March, April and May. Information furnished on application to John R. REFORMING THE HOG

REMARKABLE EXPERIMENT PROMISED BY A SCIENTIST.

Hopes to Make Swine Clean and Well Behaved Animals.

Washington, April 1.—A series of experiments will soon be commenced under the direction of the department of agriculture, looking to the securing of data and the collection of knowledge which will make possible the breeding of clean pigs. One of the professors of the department believes with other high authorities that the pig is not hereditarily and inherently an unclean animal, and holds that it is simply a victim of circumstances and environment. It is proposed by inculcating the principles of sanitation in succeeding generations of pigs to finally secure an animal which, while resembling the porker of today in every essential particular, will have none of the objectionable habits now attributed to him.

It is held by the professor that, owing to the stigma under which the pig now rests, due partially to the Biblical tradition, that the body of the swine in ancient days was considered a favorite place in which to confine exorcised devils and evil spirits, the animal is placed in the most unsanitary habitations, given as food everything that is unclean and held in contempt as one of the lowest beasts of the animal kingdom, and that he has entirely lost his self respect and lives in sloth and dirt. The plan of the department contemplates the erection of a modern sty, free from the objectionable features of such structures.

The theory holds that the pig's fondness for mud baths comes from a desire to rid himself of the heat retained in the body by layers of fat under the thick hide. The hogs in the modern sty will not be allowed to wallow at will, but will be cooled of by a shower bath in one corner of the structure. It is believed that by providing animals with sanitary abodes, giving them cooling baths and feeding them on clean food, the instincts inculcated in the animals by generations of inattention can be eradicated. The object of the plan is to secure a breed of pigs with clean pink skins, shiny, well-kept bristles, good characters and amiable dispositions.

DISCUSSION DESIRED

An Allegheny Society Proposes a Debate With an East Palestine Pastor.

East Palestine, April 1.—(Special)—The Watch Tower Bible and Tract Society of Allegheny has issued the following notice:

"It has come to our attention that Rev. Dr. Dodd, of the East Palestine Disciple church, was disappointed that Rev. Carroll Ghent did not meet our representative to discuss with him 'God's Eternal Purpose' in respect to our race. We learn that Dr. Dodd desired the opportunity which Rev. Mr. Ghent avoided, and we, therefore, announce to the public that we will be very pleased to discuss this question with Dr. Dodd in a Christian and reasonable manner. We will be pleased to have him name a date for this discussion as early, as possible after April 20, which, for his convenience, we consent shall be held in East Palestine."

On a Joint Ballot, in the Arkansas Legislature, For United States Senator—County Supposed to Be For Jones, Against Him.

Little Rock, Ark., April 1.—Returns from the Democratic primaries held on Saturday show that ex-Governor James P. Clarke has been endorsed for United States senator and that Governor Davis has carried 65 out of the 75 counties in the state. A telegram yesterday announced that Washington county, supposed to be for Jones, had gone for Clarke by nearly 800 majority.

Clarke apparently will have a majority of 12 on a joint ballot in the legislature.

MINISTER ASKED TO QUIT.

The Rev. E. C. Sweetser, of Philadelphia, Accused of Sympathizing With Czolgosz.

Philadelphia, April 1.—Rev. Edwin C. Sweetser, pastor of the Universalist Church of the Messiah, has announced that the vestrymen have peremptorily demanded his resignation. The clergyman says he will refer the subject to the congregation, and the whole matter leading up to the request of vestrymen will be laid before the meeting of the parishioners.

Vestryman Paret states that Mr. Sweetser has adopted a singular course since the war with Spain. "When Czolgosz shot down President McKinley," said Mr. Paret, "Rev. Sweetser offered a fervent prayer for the youth, calling him a 'poor, misguided young man.' He refused to pray for President McKinley."

Mr. Paret also asserts that Mr. Sweetser declined to hold memorial services in honor of President McKinley. These actions, according to Mr. Paret, created great indignation and Mr. Sweetser was asked to resign. As he failed to do so, the vestrymen, by a vote of 9 to 3, decided to demand the pastor's removal.

The Church of the Messiah is one of the leading Universalist churches in the state and Mr. Sweetser is one of the most prominent clergymen of that denomination.

prices at the opening Monday with a show of recovery. The market, however, almost immediately developed the spotty character which has been the rule of late and fell into heaviness and semi-stagnation. There was another upward movement towards the end of the day, based on the assumption that the quarterly and monthly disbursements to be made Tuesday and the completion of the preparation for them would result in a relaxation of the money market. But the late upward movement showed signs of being abortive, like that at the opening, and did not extend to a large number of stocks. St. Paul was about the only stock which is usually prominent to show an advance of over a point, in spite of the decrease in net earnings for February reported Monday, while Union Pacific, which reported a handsome increase in February net earnings, fell short of the one point advance and reacted again before the close. Rock Island's four point advance and the gains by the Chicago and Northwestern stocks were not very convincing, while the rise of all the way from one to six points in a group of less conspicuous stocks was quite ineffectual to induce a speculative following. The Canadian Pacific group, including the Minneapolis, St. Paul and Sault Ste. Marie stocks and the Duluth, South Shore and Atlantic, were most conspicuous in this category. Hocking Valley also forged upwards 2½. The activity in these was dwarfed by the overwhelming preponderance of Colorado Fuel, Amalgamated Copper and Sugar in the dealings. All of these were depressed after the opening, but recovered sharply. Sugar rising a point above last week on account of the report from the committee on ways and means of the Cuban reciprocity bill. All three stocks reacted again at the close, which was irregular. Although the completion of the preparation for the April 1 settlement seems to insure the money market against any present flurry, there is no expectation in well informed circles of an early relaxation in the money rate.

Some of the speculative bonds were inclined to advance, but there was no general activity in the market. Total sales, par value, \$4,675,000. U. S. bonds were unchanged on the last call.

COUNTY AND NEIGHBORHOOD

Youngstown is complaining of women burglars.

The question of a new city hall is the burning one at the Lisbon election.

Walter Cherry, a carpenter, fell from a scaffold at New Brighton, sustaining fatal injuries.

Burglars entered the home of Frank Partington at Beaver and secured \$75 and a lot of silver ware.

Canfield, now a Prohibition town, has a bitter struggle on between "wets" and "drys," which the election is expected to decide.

The James Blackburn property in Toronto was sold at sheriff's sale at the court house in Steubenville to Cynthia Myers for \$897.

Virgin H. Mowls, a former member of the Columbiana county bar, has been nominated for mayor by the New Philadelphia Democrats.

The First Reformed church of Akron has stopped work on the \$100,000 jail in Summit, alleging that the use of the court house yard for the site is illegal.

John Curtis, a Beaver Falls barber, wanted to kill himself. Procuring a pistol he fired two shots at his head, but missed both times and was then arrested.

Rice Bros., of Wayne township, who have been owners of the Millport creamery for some time, have sold out to E. H. Riggs, of Wellsville. The consideration was \$1,100.

The Toronto shoe factory has been sold and the sale confirmed by court. H. H. Smith, as trustee, has purchased the property and it will be used for manufacturing purposes.

Rev. J. M. Jamison, formerly pastor of the Second United Presbyterian church, Youngstown, was probably fatally injured during a fearful storm at Jamestown, Pa. A cyclone wrecked the church.

Claims He Was Paid to Murder.

Binghamton, N. Y., April 1.—William Carter, a half breed Indian, who is under arrest for the murder of Charles Carman, at Port Crane, five days ago, made a confession under oath yesterday in which he admits the crime and alleges that he shot Carman at the instigation of Dr. C. J. Tiffany, who, he says, paid him to kill Carman.

Major Waller Denied Cruelty.

Manila, April 1.—Major Waller, the marine corps officer charged with executing Filipino rebels without trial, told the story of the hardship endured by his men and himself in their march through Samar, a story well known in the United States. Major Waller said he never went beyond General Smith's orders except to call on his marines to avenge the Balangiga massacre.

Travelers to California

Naturally desire to see the grandest and most impressive scenery en route. This you will do by selecting the Denver & Rio Grande and Rio Grande Western, "The Scenic Line of the World," and "The Great Salt Lake Route," in one or both directions, as this line has two separate routes across the Rocky mountains, between Denver and Ogden. Tickets reading via this route are available either via its main line through the Royal George, Leadville, over Tennessee Pass, through the Canon of the Grand river and Glenwood Springs, or via the line over Marshall Pass and through the Black Canon of the Gunnison, thus enabling the traveler to use one of the above routes going and the other returning. Three splendidly equipped fast trains are operated to and from the Pacific coast, which carry through standard sleepers daily between Chicago, St. Louis, Denver and San Francisco. JONES IS DEFEATED.

The Distinguished Democratic National Chairman Beaten by Clarke.

LATTER MAY HAVE 12 MAJORITY

On a Joint Ballot, in the Arkansas Legislature, For United States Senator—County Supposed to Be For Jones, Against Him.

Little Rock, Ark., April 1.—Returns from the Democratic primaries held on Saturday show that ex-Governor James P. Clarke has been endorsed for United States senator and that Governor Davis has carried 65 out of the 75 counties in the state. A telegram yesterday announced that Washington county, supposed to be for Jones, had gone for Clarke by nearly 800 majority.

Clarke apparently will have a majority of 12 on a joint ballot in the legislature.

MINISTER ASKED TO QUIT.

The Rev. E. C. Sweetser, of Philadelphia, Accused of Sympathizing With Czolgosz.

Philadelphia, April 1.—Rev. Edwin C. Sweetser, pastor of the Universalist Church of the Messiah, has announced that the vestrymen have peremptorily demanded his resignation. The clergyman says he will refer the subject to the congregation, and the whole matter leading up to the request of vestrymen will be laid before the meeting of the parishioners.

Vestryman Paret states that Mr. Sweetser has adopted a singular course since the war with Spain. "When Czolgosz shot down President McKinley," said Mr. Paret, "Rev. Sweetser offered a fervent prayer for the youth, calling him a 'poor, misguided young man.' He refused to pray for President McKinley."

Mr. Paret also asserts that Mr. Sweetser declined to hold memorial services in honor of President McKinley. These actions, according to Mr. Paret, created great indignation and Mr. Sweetser was asked to resign. As he failed to do so, the vestrymen, by a vote of 9 to 3, decided to demand the pastor's removal.

The Church of the Messiah is one of the leading Universalist churches in the state and Mr. Sweetser is one of the most prominent clergymen of that denomination.

prices at the opening Monday with a show of recovery. The market, however, almost immediately developed the spotty character which has been the rule of late and fell into heaviness and semi-stagnation. There was another upward movement towards the end of the day, based on the assumption that the quarterly and monthly disbursements to be made Tuesday and the completion of the preparation for them would result in a relaxation of the money market. But the late upward movement showed signs of being abortive, like that at the opening, and did not extend to a large number of stocks. St. Paul was about the only stock which is usually prominent to show an advance of over a point, in spite of the decrease in net earnings for February reported Monday, while Union Pacific, which reported a handsome increase in February net earnings, fell short of the one point advance and reacted again before the close. Rock Island's four point advance and the gains by the Chicago and Northwestern stocks were not very convincing, while the rise of all the way from one to six points in a group of less conspicuous stocks was quite ineffectual to induce a speculative following. The Canadian Pacific group, including the Minneapolis, St. Paul and Sault Ste. Marie stocks and the Duluth, South Shore and Atlantic, were most conspicuous in this category. Hocking Valley also forged upwards 2½. The activity in these was dwarfed by the overwhelming preponderance of Colorado Fuel, Amalgamated Copper and Sugar in the dealings. All of these were depressed after the opening, but recovered sharply. Sugar rising a point above last week on account of the report from the committee on ways and means of the Cuban reciprocity bill. All three stocks reacted again at the close, which was irregular. Although the completion of the preparation for the April 1 settlement seems to insure the money market against any present flurry, there is no expectation in well informed circles of an early relaxation in the money rate.

Some of the speculative bonds were inclined to advance, but there was no general activity in the market. Total sales, par value, \$4,675,000. U. S. bonds were unchanged on the last call.

Most of the governors of the states
in the union will meet at Washington
on April 7 to urge a change in the
date of the presidential inauguration.
Hundreds of thousands of people
flock to Washington on March 4, once
in four years, to witness the great
and important ceremony that takes
place on that date. The weather is
usually raw and cold at that time of
year and thousands of cases of pneu-
monia can be traced to inauguration
day. Many deaths of notable persons
have been due to exposure on such
occasions, and there exists no reason
why it should not be changed. This
would be by joint resolution of con-
gress submitting an amendment to the
constitution fixing a different date.
When this is ratified by the legisla-
tures of three-fourths of the states, it
will become operative. The date most
favored is April 30, that being the day
on which Washington's first inaugura-
tion occurred. At that period Wash-
ington enjoys balmy spring weather,
and even if an April shower should
fall, it would be quite different from
the raw, cutting winds of early March
and the cold, heavy rains so often pre-
valent at that time.

The Youngstown Telegram published

gram, by the way, publishes an excel-

facilities, including the brains and en-
terprise, that go toward making a
complete and popular newspaper. In
addition to complete telegraphic news,
it prints more local matter in every
issue than many of the journals in
much larger cities, and on every page
it bears the marks of skilled editorship.
Youngstown is a hustling city, and the
Telegram is a splendid index of its pro-
gressiveness.

A Pennsylvania woman claims to
have proved to the world that it is
unnecessary for one of her sex to yield
up valuables to a highwayman, so long
as she has a hat pin. At the first
touch of that instrument the robber
flees with much more haste than if a
pistol had been turned on him, says
the lady who tried it.

All Fools' day was generally observ-
ed by old and young a few years ago.
Now nobody but small boys look for-
ward to its celebration or notices its
arrival. As it was a custom more
honored in the breach than in the ob-
servance, nobody regrets its decline.
The world is too busy for foolishness
to engage attention.

Glass bath tubs have been tried and
pronounced a success. Now comes an
Indiana genius who claims to have in-
vented glass cooking stoves and kitch-
en utensils which neither heat nor
cold will affect. But unless he guar-
tees them to be proof against the hired
girl his inventive talent will profit him
little.

than that of the reformation of the

prosy of mortals.

OBITUARY

John Allen Morron.
Lisbon, April 1. — (Special.) —
John Allen Morron died early this
morning of heart failure. He passed
the evening at the Masonic meeting
and assisted in initiatory work until
about 11 o'clock. He appeared in
good health. Mr. Morron was in his
eightieth year and had lived all his
life in this county. He was born at
McKag's mill, Wayne township. He
was the oldest Mason in the Royal
Arch chapter in Lisbon, having been
initiated in 1855. He served as lodge
treasurer 21 years. He conducted a
grocery here 50 years and retired five
years ago. His wife, nee Amanda E.
Bonbright, died in 1872. He leaves
five children—Will, of the Columbiana
County Telephone company, a grocer
in Lisbon; Roy, of New York; George,
of Canonsburg, Pa.; Edwin, of Cleve-
land, and Mrs. J. B. McLaughlin, of
Lisbon. The Masons will have charge
of the funeral.

Joseph Barlow.
At the residence of his parents,
Mr. and Mrs. Matthew Barlow, Pros-
pect street, Joseph Barlow, aged 20
years, died at 11 o'clock this morn-
ing of brain fever, with which he has
been suffering for several weeks. The
arrangements for the funeral have not
been completed, although it is thought
the service will not be held until Sun-
day. This is being deferred until the
arrival of a relative, who is now on
his way to this city from England,
and his arrival is daily expected.

Death of an Infant.
The infant child of William Hulme,
who died at the home of Mrs. Kno-
block, of Short street, was buried this
afternoon at 2 o'clock at Riverview.
Mrs. Hulme died at Sebring a short
time ago and was also buried at Riv-
erview.

POTTERY NEWS

Members of warehouse women's lo-
cal No. 7666 are planning for a swell
time at their next meeting to be held
Thursday evening, but a feature of
the occasion will serve to mar the
pleasure, and that is the size of the
meeting place. The local has been
meeting in the Citizens' bank building,
but since the membership has increased
so rapidly the hall has been found en-
tirely too small. On this evening the
local will be taken into the Brother-
hood, according to a statement of the
president, Mrs. Jenkins states a large
class will be taken into the local. The
chatter may be closed on Thursday
evening, but this has not been deter-
mined, nor has it been settled as to
which of the national officers will do
the work. The local now has a mem-
bership of over 300.

It is rumored that the warehouse
women's local are preparing to pre-
sent a proposition to the manufactur-
ers looking to a betterment of their
condition. This morning when asked
about the matter, Mrs. Jenkins, pres-
ident of the local, said: "I have heard
reports to the same effect, but I assure
you we have nothing in view at pres-
ent. We have not been made a part
of the Brotherhood, and until this is
done I have nothing to say. For the
present we are satisfied with matters
as they stand, but what the future will
bring forth is another question.

Pressers' local No. 4 held an inter-
esting session last evening. Six new
members were obligated, four appli-
cations were received, the quarterly
financial report was read and the cre-
dentials issued to the Trenton dele-
gates. The reinstatement fee of \$3.50
of this local was increased to \$6 last
evening, to take effect the first meet-
ing in April.

Saggermakers' local No. 16 trans-
acted but a small amount of business
last evening. One new member was
obligated at this session. Local No.
32 met, but transacted nothing but
routine business. Local No. 19, gild-
ers and groundlayers, last evening ob-
ligated one new member.

Elmer Reed, boss oddman at Good-
win's, is the owner of a fast driving
horse, purchased at Beaver Falls a
few days ago. It is announced that
the animal can do a mile in 2:15. Reed
will place it on the track during the
racing season.

Freight Agent George A. Wassman
has been advised from the headquar-
ters office of the C. & P., at Cleveland,
that lake navigation from Cleveland to
Toledo, has been opened. The lake as
far as Mackinac will be open May 1.

At the next meeting of No. 9 ar-
rangements will be made to attend di-
vine services at the First M. P. church
on Sunday morning April 12. The in-
vitation of Rev. W. H. Gladden was
accepted at the last meeting.

Martin L. Elliott, formerly a res-
ident of the East End, but who recent-
ly did kiln work at the Canonsburg
pottery, has returned to this city, and
is now a member of the glost crew at
Laughlin No. 2.

Next Friday evening the quarterly
financial report of kilnmen's local No.
9, will be presented. This will show
the membership of the local, and a
re-arrangement of the per capita tax
will be made.

The kilnmen at Goodwin's glost end
are working out their two weeks' no-
tice. They are "Doc" Edgell, bench
boss; Charles Hay and John Barnes.
It is said William Baxter will set out
at this bench.

William Wildblood, who has been
spending a few days in the city, left
for Salem today. He is employed in
the pottery at that place.

Edward Baker has returned to his
jigger, at the 'Pool after being off for
several days on account of a healing
on his jaw.

John Herron, of Wall street, a batter-
ed at the Laughlin No. 2, returned to
work yesterday after an illness of sev-
eral weeks.

W. A. Rhoades left yesterday for
an eastern trip in the interest of the K.
T. & K. He will be gone several
weeks.

Thomas Pyle, of the Burford clay
shops, completed a horse trade at
Grim's bridge yesterday afternoon.

Dick Johnson, of Chester, has taken
a pressing job at the 'Pool.

William Gillespie, formerly with the

Neil House
Columbus, Ohio.
Opposite State House.
American Plan. European Plan.
Geo. H. Hopper, Mgr.

Taylor, Smith & Taylor, has taken a
pressing job at the Burford.

William Mayer, of the McNicol, was
helping out the dipping crew at the
East Liverpool yesterday.

James Carberry, a kilnhand at Sa-
lem, returned home yesterday after a
visit with friends here.

"Cracker" Wynes, a glost kilnman at
the Buckeye, was off duty yesterday on
account of illness.

Miss Carrie McNeal, a finisher at the
East Liverpool, is visiting her mother
at Wheeling.

Although yesterday was blue Mon-
day, not a bench was vacant at Laugh-
lin No. 2.

The ground has been staked off for
the new Dresden pottery at Saline-
ville.

F. W. Fowler was in the city from
Pittsburg yesterday.

FRIENDS AND VISITORS

W. E. Lytle is in Martin's Ferry on
business.

John Wise, of the West End, is in
with quinsy.

Fred Mullens, of Salem, was in the
city yesterday.

Harry Heavenly, of Sixth street, is
ill of the grip.

Mrs. John Orr, of Fifth street, is se-
riously ill from the infirmities of old
age.

Mr. and Mrs. Lawson Wallace, of
Jethro, have moved to Edgewood ave-
nue.

Miss Margaret Knepper has gone to
Pittsburg, where she will visit rela-
tives.

Miss Bessie Huston has returned to
Alliance after several weeks' visit to
friends here.

Miss Pearl Hollinger, who has been
ill at her home on Third street, is
able to be out.

A child of Ralph Langenbacker, of
Jackson Square, is dangerously ill or
congestion of the lungs.

S. Mack of Johnstown, Pa., who has
been visiting friends in the city for
several days, left yesterday for Steu-
benville.

Miss Bessie Huston, who has been
the guest of Miss Kate Kountz, of
Sixth street, left yesterday for her
home in Alliance.

John Dailey, of Gardendale, has
leased the Howard Davis farm near
Sprucevale, and move his family there
within a few weeks.

Mrs. William Adams, recently Miss
Blanche Nicholls, has returned to
Pittsburg after a visit to her parents,
Mr. and Mrs. J. C. Nicholls.

Mrs. S. D. Sanor, of Cleveland, wife
of former Superintendent Sanor, of
this city, is expected here today to at-
tend the party of Mrs. Steinfeld.

James Montgomery, who has been
ill at his home on Fourth street for
several days, is no better, and may
not recover. He is suffering from
fever.

Ed L. Marietta and Mrs. Mary Eng-
lish, of Connellsville, Pa., and Miss
Anna Hetzel, of Pittsburg, are guests
at the home of Mr. and Mrs. Henry
Hetzel, of West Market street.

William Manley, who recently re-
turned from China after a three-
years' service in the United States
army, left this afternoon for Wheel-
ing, where he will visit for several
days, after which he will leave for
Minnesota, where he will make his
home.

WELLSVILLE

THE BOND ISSUE

AN IMPORTANT QUESTION FOR WELLSVILLE VOTERS.

Supt. Perkins Tells Where It Would Pay to Spend \$60,000 on Water.

The spring election being close at hand the entire voting population is seriously considering the several important issues on which decisions will be made.

Probably the most talked of question is centered on the advisability of bonding the city to the extent of \$60,000, which money is to be used as a help toward installing a gravity water system.

That the citizens are in favor of a new system is evident, but on the other hand it is almost an assured fact that the new system will not be installed. The objection to bonding the city arises solely from the fact that the citizens are in one accord against being assessed a higher tax rate than the one now imposed, which they think is almost unbearable.

Supt. Perkins, of the water works, states that if the citizens would stop and consider the question carefully they would quickly change their minds in regard to the higher taxation. He said:

"If the city is bonded for \$60,000 the rate will, of course, be higher for a few years, but if the new system were adopted the expense of a power station would be obliterated. This expense to the city every year amounts to over \$5,000. One can readily see that it would not take many years for the whole debt of a new system to be abolished at the rate of \$5,000 per year. With the present system the city expends that amount with no possible chance of ever diminishing the debt.

"No one is satisfied with the water now in use. They can not be blamed. It is a wonder to me that the whole city is not besieged with a typhoid attack. The water is undoubtedly impure and contains the germs of disease.

"As for the Yellow Creek water, which would be in use if the new system were adopted, nothing can be said against its purity. This water has been tested by three of the greatest chemists of the United States and has been pronounced by them as being far superior to the best supply obtainable from the Ohio river. The citizens will make a mistake, which they will long regret if they vote down the bond issue."

BRICKS FELL ON HIM

Pedestrian Painfully Injured While Going Down Clark Avenue.

While walking down Clark avenue James Harrison, of the West End, met with a painful accident yesterday. A row of bricks is piled four feet high along the avenue and it was when near a section of them that he was hurt.

A large number of bricks without apparent cause toppled over suddenly and several of them struck Harrison about the feet and lower limbs, bruising and cutting them considerably. He will be laid up for several days.

A HITCH IN PROCEEDINGS

Supt. Healy And Supt. Perkins Disagree About Relaying Clark Avenue Main.

"When will Supt. Healy have the trench dug in Clark avenue for the relaying of the water main?" was the question asked Supt. Perkins by a reporter. In reply Supt. Perkins made a startling remark. He said:

"I really don't know. I heard this morning that the work had been com-

menced. This I cannot believe, for the reason that Supt. Healy telephoned me last week that he only intended excavating for a distance of 400 feet. My agreement with him was that he dig the trench and then I would relay the main. He stated that no such agreement was made and has positively refused to excavate from Eighth to Twenty-first street."

"What will you do now, Supt. Perkins?" asked the reporter.

"Well, there is only one thing to do. That is for me to have the main lowered and not relaid. But if I am compelled to do this the street railway company will suffer. Upon every occasion that I have to tap the main I will most assuredly stop the street cars from running down Clark avenue."

Judgment for \$4.23.

Squire MacKenzie has rendered a decision in the Sharp-Dorman case, which was argued in his court last week. It will be remembered that Sharp sued for \$19, alleging that Dorman owed him that for pasture rent. According to the decision the plaintiff was given judgment for \$4.23. The squire did not think that Sharp's pasture was worth \$9.50 per month for one little calf.

G. A. R. Men Still After Evans.

Washington, April 1.—More trouble is in store for Pension Commissioner Evans. His elevation to the "better place" promised him by the president will be fought by members of the Grand Army of the Republic. They are also dissatisfied with the announcement that the same policy will be pursued in the pension bureau as heretofore. If this is done, they argue, the retirement of Evans will be of little benefit to them.

Recent Storm Blew Down Most of Hancock County Oil Rigs.

Definite reports concerning the damage done property in Hancock county by the wind storm Sunday are just being received in Chester. It seems that the greatest destruction wrought was to the rigging and machinery in the oil fields. The oil operators are reported as having lost hundreds of dollars as a result of the storm.

Of the numerous rigs located in the county but few remain standing. W. F. Brown, of Brownsville, reports that the rigging for his two wells were completely ruined. His nephew, Joseph Kough, was in Chester and East Liverpool today looking for rig builders. Such men are in great demand and prices almost incredulous are being offered for their services.

STORER TO GO TO BERLIN

To Succeed White When He Resigns. Henry White Urged For the Italian Mission.

Washington, April 1.—Henry White, at present secretary of embassy at London, is the latest and most formidable candidate for the vacancy in the Italian embassy to be created by the retirement of Ambassador Meyer. Mr. White is strongly urged by Senator Lodge and has the most enviable record in diplomatic practice. He was secretary of the embassy when Mr. Hay was ambassador, and, consequently, he has a warm friend in the secretary.

Bellamy Storer, now minister to Madrid, is to go to Berlin as ambassador, to succeed Mr. Andrew White when that officer retires, which probably will be next fall. The only contingency which may defeat Mr. Storer's aspiration in this direction lies in the attitude of the Ohio senators toward his promotion; if they are jointly opposed they may defeat the proposed appointment.

Mr. Storer's retirement from Madrid will leave a vacancy there which rumor connects with the name of Henry Clay Evans, the retiring pension commissioner, though it is learned upon inquiry that this is not yet assured.

CUBAN RECIPROCITY BILL.

Ways and Means Committee Adopted It—Foes May Fight on Floor of House.

Washington, April 1.—Following the action of the ways and means committee in reporting the Cuban reciprocity bill, the Republican members who oppose that measure held a conference in the committee room of Representative William Alden Smith, of Michigan. About 30 members were present, representing the various states interested in beet sugar production. No formal action was taken, but the discussion was in the line of continuing the contest on the floor of the house. It is expected, however, that the opposition will be from members individually, rather than from a compact and organized opposition.

After the meeting it was claimed by those present that about 30 Republicans would speak and vote against the bill. The ways and means leaders feel confident that the bill will pass, probably by Republican votes. In any event, there is said to be more than sufficient Democratic support of the bill to offset the Republican defection.

The house committee on ways and means, by a vote of 12 to 5, yesterday ordered a favorable report on the Payne bill providing reciprocity for Cuba.

Two Republicans—Tawney and Metcalf—voted against the bill. All amendments were defeated. The Democrats who voted in favor of reporting the bill were: Richardson, Swanson and McClellan. The Democrats who voted with Metcalf and Tawney against the bill were Cooper, Newlands and Robertson.

The bill is entitled "a bill to provide for reciprocal trade relations with Cuba. It authorizes the president, as soon as may be after the establishment of an independent government in Cuba and the enactment by said government of contract labor, immigration and exclusion laws as restrictive as those of the United States, to enter into negotiations with

the Cuban government for a reciprocal trade agreement.

The United States government is to receive a reduction of at least 20 per cent over other countries, and as an equivalent Cuba shall pay only 80 per cent of the Dingley rates on goods exported to the United States until Dec. 1, 1903.

Chairman Payne later presented to the house the report.

TO GOVERN PHILIPPINES.

Slight Hint at Self-Government in Bill Completed.

Washington, April 1.—The senate committee on the Philippines yesterday completed consideration of the bill prescribing a form of government for the Philippine islands and authorized Senator Lodge to report it to the senate after voting down the Democratic substitute by a party vote.

Among other features, after the completion of the census, the Philippine commission is required to report fully to the president and congress "their recommendations based on such census and upon the operation of the local governments provided for," whether or not all or certain of the Philippine islands are capable, fit and ready for the establishment of a permanent popular representative government.

The Philippine commission is continued in effect, and there is no further hint than that above quoted of a possible change.

Clayton Coming Home to Explain. Washington April 1.—United States

Ambassador Powell Clayton has received leave of absence from Mexico for the purpose of coming to Washington and explain to the state department his connection with the charges preferred against him by William H. Mealy and filed by Senator Nelson. He will arrive some time this week, and while here will be the guest of his daughter, Baroness Moncheur, wife of the Belgian minister. Mr. Clayton has denied the truth of the Mealy brief, but has not sent his formal answer. The Mealy charges were that Mr. Clayton improperly used his position in connection with certain Mexican companies in which he was interested.

Charges to Be Investigated.

Washington, Pa., April 1.—The war department has ordered an investigation into the charges made by the Manila American of Feb. 13. The story alleges that Private Edward Richter, Twenty-eighth infantry, while a prisoner in the guard house at Dasmariñas, was tortured to death by the lieutenant commanding the detachment. It is said that he was bound and then several gallons of ice water were poured on his face, a drop at a time; that he struggled for a short while and then subsided, and that when the post surgeon examined him he was dead.

STORER TO GO TO BERLIN

To Succeed White When He Resigns. Henry White Urged For the Italian Mission.

Washington, April 1.—Henry White, at present secretary of embassy at London, is the latest and most formidable candidate for the vacancy in the Italian embassy to be created by the retirement of Ambassador Meyer. Mr. White is strongly urged by Senator Lodge and has the most enviable record in diplomatic practice. He was secretary of the embassy when Mr. Hay was ambassador, and, consequently, he has a warm friend in the secretary.

Bellamy Storer, now minister to Madrid, is to go to Berlin as ambassador, to succeed Mr. Andrew White when that officer retires, which probably will be next fall. The only contingency which may defeat Mr. Storer's aspiration in this direction lies in the attitude of the Ohio senators toward his promotion; if they are jointly opposed they may defeat the proposed appointment.

Mr. Storer's retirement from Madrid will leave a vacancy there which rumor connects with the name of Henry Clay Evans, the retiring pension commissioner, though it is learned upon inquiry that this is not yet assured.

CUBAN RECIPROCITY BILL.

Ways and Means Committee Adopted It—Foes May Fight on Floor of House.

Washington, April 1.—Following the action of the ways and means committee in reporting the Cuban reciprocity bill, the Republican members who oppose that measure held a conference in the committee room of Representative William Alden Smith, of Michigan. About 30 members were present, representing the various states interested in beet sugar production. No formal action was taken, but the discussion was in the line of continuing the contest on the floor of the house. It is expected, however, that the opposition will be from members individually, rather than from a compact and organized opposition.

After the meeting it was claimed by those present that about 30 Republicans would speak and vote against the bill. The ways and means leaders feel confident that the bill will pass, probably by Republican votes. In any event, there is said to be more than sufficient Democratic support of the bill to offset the Republican defection.

The house committee on ways and means, by a vote of 12 to 5, yesterday ordered a favorable report on the Payne bill providing reciprocity for Cuba.

Two Republicans—Tawney and Metcalf—voted against the bill. All amendments were defeated. The Democrats who voted in favor of reporting the bill were: Richardson, Swanson and McClellan. The Democrats who voted with Metcalf and Tawney against the bill were Cooper, Newlands and Robertson.

The bill is entitled "a bill to provide for reciprocal trade relations with Cuba. It authorizes the president, as soon as may be after the establishment of an independent government in Cuba and the enactment by said government of contract labor, immigration and exclusion laws as restrictive as those of the United States, to enter into negotiations with

the Cuban government for a reciprocal trade agreement.

The United States government is to receive a reduction of at least 20 percent over other countries, and as an equivalent Cuba shall pay only 80 percent of the Dingley rates on goods exported to the United States until Dec. 1, 1903.

Chairman Payne later presented to the house the report.

TO GOVERN PHILIPPINES.

Slight Hint at Self-Government in Bill Completed.

Washington, April 1.—The senate committee on the Philippines yesterday completed consideration of the bill prescribing a form of government for the Philippine islands and authorized Senator Lodge to report it to the senate after voting down the Democratic substitute by a party vote.

Among other features, after the completion of the census, the Philippine commission is required to report fully to the president and congress "their recommendations based on such census and upon the operation of the local governments provided for," whether or not all or certain of the Philippine islands are capable, fit and ready for the establishment of a permanent popular representative government.

The Philippine commission is continued in effect, and there is no further hint than that above quoted of a possible change.

Clayton Coming Home to Explain. Washington April 1.—United States

Ambassador Powell Clayton has received leave of absence from Mexico

for the purpose of coming to Washington and explain to the state department his connection with the charges preferred against him by William H. Mealy and filed by Senator Nelson. He will arrive some time this week, and while here will be the guest of his daughter, Baroness Moncheur, wife of the Belgian minister. Mr. Clayton has denied the truth of the Mealy brief, but has not sent his formal answer. The Mealy charges were that Mr. Clayton improperly used his position in connection with certain Mexican companies in which he was interested.

Charges to Be Investigated.

Washington, April 1.—The war department has ordered an investigation into the charges made by the Manila American of Feb. 13. The story alleges that Private Edward Richter, Twenty-eighth infantry, while a prisoner in the guard house at Dasmariñas, was tortured to death by the lieutenant commanding the detachment. It is said that he was bound and then several gallons of ice water were poured on his face, a drop at a time; that he struggled for a short while and then subsided, and that when the post surgeon examined him he was dead.

Puddlers Get Advance.

Lebanon, Pa., April 1.—An increase of wages of 25 cents per ton has been granted the puddlers of the American Iron and Steel Manufacturing company, to take effect today. The puddlers asked for an increase of 50 cents per ton.

A DEADLY EXPLOSION.

Gas From Coal Dust Causes
An Awful Disaster, In
Tennessee.

22 ARE KNOWN TO BE DEAD.

Ten Bodies Have Been Recovered and
12 More Bodies Were Reported
Yet to Be in the Mine—Occurred
at Dayton, Tenn.

Chattanooga, Tenn., April 1.—An explosion of gas generated by coal dust occurred in the Nelson mine of the Dayton Coal and Iron company, at Dayton, Tenn., at 4 o'clock yesterday afternoon. Twenty-two men are known to be dead. Ten bodies have been recovered and 12 bodies are reported to be yet in the mine.

Gas exists in the Nelson mine and the men are required to use safety lamps. It is the rule of the company for the miners to place their fuses ready to be lighted for blasts just before quitting work each day, and there are workmen known as "firemen" who go through the mine after all the miners are out and set off these blasts. The miners quit work at 4:30 o'clock yesterday afternoon. It takes them about 45 minutes to get out of the mine. The two "firemen" yesterday who are supposed to have caused the explosion are Lark Hunter and John Harney. They shot the blasts at 4:45 o'clock, before all the miners could get out of the mine. It is supposed that one of the fuses was defective and resulted in a blown blast.

New York, April 1.—After 33 years' continuous service in New York city, the Rev. R. Heber Newton, D. D., rector of All Souls Protestant Episcopal church, is about to resign his charge. He expects to go to San Francisco there to accept a call to become the special preacher at the Leland Stanford university. His assistant, the Rev. W. F. Bentley, says the resignation will be placed in the hands of the vestry in a few days.

OLEOMARGARINE BILL UP.

Simmons Made His Maiden Speech
In Senate Yesterday.

Washington, April 1.—During the entire session of the senate Monday the oleomargarine bill was under consideration. Three speeches were delivered, two in support of the measure and one against it.

Mr. Simmons, of North Carolina, made an extended argument in opposition to the bill, re-enforcing cogent points heretofore made against the proposed legislation and adding some new and forceful arguments. This was Mr. Simmons' maiden speech in the senate and he was cordially congratulated at its conclusion. Mr. Dillingham, of Vermont, presented a strong legal argument in support of the measure and vigorously arraigned the manufacture of oleomargarine for imposing, as he said, a fraud upon the people.

In supporting the pending bill Mr. McCumber, of North Dakota, expressed the belief that the farmers of the country were entitled to the protection offered by the bill. Incidentally, he advocated general pure food legislation.

SUNDRY CIVIL BILL.

Measure Up, but Little of Debate
Pertinent, in House.

Washington, April 1.—The house yesterday began consideration of the sundry civil appropriation bill, completing the general debate before the close of the session. Little of the speech-making yesterday was pertinent to the bill. Messrs. Williams, of Mississippi; Pou, of North Carolina, and Spight, of Mississippi, spoke on the proposed investigation of the Southern franchise question. Mr. Bell, of Colorado, discussed the financial bills before the house.

Mr. Payne, chairman of the ways and means committee, reported the Cuban reciprocity bill and gave notice that he would call it up a week from today.

from this Great Remedy.

Red nose, red, flushed face, pimply skin, sallow complexion, and sores all belong in the same class, known as diseases of the blood. There is really no excuse for a person suffering with these disfigurements, because the proper treatment brought to bear on the blood will quickly correct them. "Blood Wine" cures disease by working on the blood. It makes new blood and extracts from it the poisonous matter that creates sores, etc. It literally permeates the blood with new life. It causes redness of the skin to gradually disappear and the tint of health to return. It makes sores, ulcers and pimples dry up and fade away. Its action on the blood is never failing.

This is a picture of Mr. Geo. A. Carter, one of Worcester's leading business men and a power in the industrial life of Massachusetts, who says:

"I am much pleased to be able to give my testimony as to the worth and curative properties of 'Blood Wine.' Having used this remedy for more than a year, I can truthfully say it is the best medicine I have ever used for the blood. I would not be without it at any price. After using the first bottle I was greatly benefited, and my entire system seemed renewed with energy, health, and strength before I had finished my second bottle. I can heartily and conscientiously recommend it for old or young as being a remedy that will not disappoint you."

You should try this great medicine; you will feel the effect of it the moment it strikes the stomach. "Blood Wine" contains no wine or opiates. It is not a temporary relief but an everlasting cure. "Blood Wine" costs fifty cents a bottle, but you can sample it free of charge at Will Reed and Hodson's drug stores.

MOVE FOR RATHBONE.

Hanna to Introduce Bill For His Trial In the United States.

THE ADMINISTRATION IS FIRM

In Its Attitude Toward the Convicted Ohioan and Neely—Senator Hanna Believes in the Honesty of Major Rathbone.

Washington, April 1.—The Post today said that Senator Hanna proposes to introduce a bill which will provide for the trial of Estes G. Rathbone, recently convicted in Cuba of frauds in connection with the Cuban postal service, before a court in the United States, under American law and American methods. The senator, The Post said, believes in Rathbone's honesty, notwithstanding his conviction, and claims that under our law evidence not admissible under the Cuban procedure will aid Rathbone.

Speaking of the call of Senator Hanna on the president and the former's request for a pardon for Rathbone, The Post said:

"It is quite likely, of course, that some consideration will be shown to Reeves, who became state's evidence, and action in his case may be expected."

ABSOLUTE FAITH

You Can Depend Upon the Word of This East Liverpool Citizen.

He has had the experience. He has thoroughly tested the article.

He found it as represented.

He has absolute faith in its merits.

Mr. P. J. Green, veterinary surgeon, says: "When attending a sick horse belonging to Mr. G. H. Gardiner, of 168 Jackson street, he remarked to me that the horse seemed to be in pain. I replied that I was the sicker of the two, as I could at that time scarcely straighten up with my back from lameness, weakness and severe pains. He asked me what my symptoms were and I explained to him that I had suffered for a number of years from my kidneys, that I had attacks at times when nothing helped me, and it was agony to get around, but that I could not endure idleness. The secretions from the kidneys were very high colored and acidulous; that I had spells of dizziness when I could see black specks floating before my eyes and felt generally broken up. He looked up and said he had the very thing needed to cure me in his house—Doan's Kidney Pills. He went into the house and brought me eight pills. I took them with me and used them two at a dose. The effect was astonishing. I felt it almost at once, and went to the W. & W. pharmacy and bought a box and took them. The encouragement held out to me by the first eight pills was not mythical, as by their continual use the improvement continued, and I consider no expression of praise too strong for Doan's Kidney Pills. In short, they are no plus ultra."

Sold for 50 cents a box by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name, Doan's, and take no other.

Sold by W. & W. Pharmacy.

CHILDREN'S DAY AT CAPITAL.

Washington Youngsters Enjoy Their Annual Pastime on the White House Grounds.

Washington, April 1.—Yesterday was egg rolling day, the day of all days in the year for the youngsters of the capital. For a week nearly all the children in the town have been coloring eggs in anticipation of "Easter Monday," and yesterday as soon as the big iron gates of the White House yard were opened they began to throng into the grounds. Each little one had a basket of colored eggs. Many of them brought their lunches. Too, in order to spend the whole day on the lawns.

All the shrubbery had been fenced in to save it from the feet of the egg rollers, and the policemen who watched the crowd merely took care that no one broke through the wire guards or fell into the lake. Long before noon the walks were packed with old and young and the little hills were gay with romping boys and girls rolling and throwing eggs.

The young Roosevelt children, Archie, Ethel and Kermet, did not join in the throng of egg rollers. They had their egg hunt Sunday morning, a dozen or more of their friends joining them in the frolic over the little hills and around the little lake. Yesterday they contented themselves with witnessing the games from the back porch.

MOVE FOR RATHBONE.

Hanna to Introduce Bill For His Trial in the United States.

THE ADMINISTRATION IS FIRM

In Its Attitude Toward the Convicted Ohioan and Neely—Senator Hanna Believes in the Honesty of Major Rathbone.

Washington, April 1.—The Post today said that Senator Hanna proposes to introduce a bill which will provide for the trial of Estes G. Rathbone, recently convicted in Cuba of frauds in connection with the Cuban postal service, before a court in the United States, under American law and American methods. The senator, The Post said, believes in Rathbone's honesty, notwithstanding his conviction, and claims that under our law evidence not admissible under the Cuban procedure will aid Rathbone.

Speaking of the call of Senator Hanna on the president and the former's request for a pardon for Rathbone, The Post said:

"It is quite likely, of course, that some consideration will be shown to Reeves, who became state's evidence, and action in his case may be expected."

ABSOLUTE FAITH

You Can Depend Upon the Word of This East Liverpool Citizen.

He has had the experience. He has thoroughly tested the article.

He found it as represented.

He has absolute faith in its merits.

Mr. P. J. Green, veterinary surgeon, says: "When attending a sick horse belonging to Mr. G. H. Gardiner, of 168 Jackson street, he remarked to me that the horse seemed to be in pain. I replied that I was the sicker of the two, as I could at that time scarcely straighten up with my back from lameness, weakness and severe pains. He asked me what my symptoms were and I explained to him that I had suffered for a number of years from my kidneys, that I had attacks at times when nothing helped me, and it was agony to get around, but that I could not endure idleness. The secretions from the kidneys were very high colored and acidulous; that I had spells of dizziness when I could see black specks floating before my eyes and felt generally broken up. He looked up and said he had the very thing needed to cure me in his house—Doan's Kidney Pills. He went into the house and brought me eight pills. I took them with me and used them two at a dose. The effect was astonishing. I felt it almost at once, and went to the W. & W. pharmacy and bought a box and took them. The encouragement held out to me by the first eight pills was not mythical, as by their continual use the improvement continued, and I consider no expression of praise too strong for Doan's Kidney Pills. In short, they are ne plus ultra."

Sold for 50 cents a box by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no other.

In Buying a Monument

You want three things—The right Stone; skilled Workmanship; the right Price. We control much of the output of the best granite quarries in Vermont. Nothing but the very finest stone goes into any of our work. Our work is done with the most modern labor-saving machinery, while most dealers work by hand.

That's how it comes that we can offer you not only better workmanship and superior material, but very much

LOWER PRICES

than you would have to pay a small dealer. Best time in the year to buy is now, while we pay winter prices for labor.

Our handsome booklet tells all about it. It is free if you mention this paper.

LIBRARY MATTERS WERE DISCUSSED

Small Surplus of Old Library Talked Over By the Board of Education.

THE USUAL INSTALLMENT

Will Not Be Paid in Full This Time. Detailed Statement of Library's Needs Before Consolidation Considered—Monthly School Report.

Public library matters commanded considerable attention at a meeting of the board of education last evening, and as a result the full amount of the library installment from the school board will not be paid this time, as it has been in the past.

Laws on the subject were read by Clerk Walter B. Hill and the members of the board acted accordingly. The report of the public library from January 1, 1901, to February 7, 1902, was read and showed the receipts to have been \$1,487.34 and the expenditures \$1,477.95. This left a balance of \$9.39 in the treasury of the library. It has been understood by the members of the library board that the full amount of the library installment should be paid, but this was not agreed to by the board, and as a result the board decided, instead of paying the entire installment, to ask Leroy Orr, treasurer of the public library, to file a detailed statement of the needs of the library up to the time that it would be consolidated with the Carnegie library, and the bills will be honored. By so doing, and unless authorized by a special act of the legislature, the board will have a small amount of money in the bank that cannot be used for any other purpose. It was suggested that the levy or balance be turned over to council to be applied to library purposes, but this was permitted on account of the law on the matter.

Clerk Hill reported that he had advised the county supervisors of election of the desire of the board to hold a special bond issue election at the regular election next Monday, and that the request had been acceded to by the county board.

The report of Supt. Rayman for the month beginning March 3 and ending March 31 was read. It shows the attendance to be increasing rapidly and this is shown by the several enrollments. The report follows:

New enrollment, males 17, females 18; entire enrollment, males 1,571, females 1,596; monthly enrollment, males 1,358, females 1,383; re-enrollment, No. 1, males 15, females 12; re-enrollment No. 2, males 9, females 9; average daily attendance, males 1,173, females 1,186; per cent attendance, males 93, females 92; promoted, none; demoted, none; last month five scholars were promoted; pupils absent, males 336, females 885; pupils withdrawn, males 60, females 75; cases of tardiness, males 58, females 54; cases of truancy, males 38, females none; corporal punishment, 63. The last report showed that only 38 scholars were reprimanded for bad behavior; teachers absent, 49; visits by patrons, males 27, females 91; visits by board, none; last month one member of the board of education visited the schools; cases of sickness, males 368, females 434; visits by superintendent, 128; roll of honor, males 490, females 487.

The following bills were ordered paid: Will Reed, \$103.39; East Liverpool Pottery Co., \$6; Ohio Valley Gas Co., \$175; Ginn & Co., \$14.56; Faulk Bros., 53 cents; Houghton, Mifflin & Co., \$9; A. C. Burrows, \$4; W. W. Bridge, \$1.50; Milligan Hardware Co., \$15.75; Adams Express Co., 60 cents; Andrew Rattray, \$1.50; total, \$331.83.

PERPLEXING PROBLEM

FOR THE COUNTY AUTHORITIES TO DEAL WITH.

Insane Woman From Pennsylvania Came to Ohio And Is Bent on Staying.

Lisbon, April 1. — (Special.) — The officials are a little perplexed today over an insanity case belonging to the state of Pennsylvania, rather than to Columbiana county. Mrs. Mary Brown, whose former home was at Mt. Pleasant, Pa., has been insane almost two years. Part of the time she has been in Dixmont hospital and part of the time in a Pittsburgh hospital. Her relatives at Rochester, Pa., thinking they could care for her, took her to their home recently. Last Saturday they were convinced that they could not provide for her, and talked of returning her to Dixmont. Overhearing the conversation, she somehow procured money and started for the home of her brother, John Gillis, north of Lisbon.

Her two sons, Lewis and Joseph, started for the same place and were surprised to see her get on the P. L. & W. train at Rogers. She is now at her brother's. She told her sons they need not try to take her back to Dixmont. They say they cannot induce her to return. The matter is not settled whether the sheriff shall assist them or whether the Dixmont authorities be appealed to. Her condition is due to religious emotions and beliefs. Sheriff Leonard received word this afternoon that a Beaver county official would arrive from the Dixmont (Pa.) hospital tomorrow morning to convey Mrs. Brown to that institution.

A BATTLE ROYAL

Is Promised for the Possession of Valuable Mines in Bellaire District.

Bridgeport, April 1.—It now looks very much as if there would be a battle royal for the valuable coal lands of Belmont, Harrison and Jefferson counties. A few days ago the indications were that the Osborne-Saeger company and Pittsburgh and Cleveland parties would have no trouble in securing the control of the leading mines and territory in these counties, and several deals were made.

The Pittsburgh combine has concluded to enter this field and if possible block the other company that is securing the territory to compete with them. Yesterday the Pittsburgh combine purchased the Roby Coal company's mine and the territory at Adena, on the W. & L. E. and B. & O. railroads, and it is said that the amount paid was little short of \$1,000,000. The mine has just been opened a short time, and is well equipped with modern mining machinery, and, it is said, has about 11,000 acres of territory of splendid coal, which lies contiguous to the W. & L. E. and the road in construction which runs from Adena to Bellaire, and is controlled by the Wash. It is said the new owners will make two new openings immediately and commence operations. This property is considered one of the most valuable in eastern Ohio.

The Osborne-Saeger company did not seem alarmed at this invasion, but is going ahead buying mines.

IMPORTANT BOER CONFERENCE.

Kruger, Leyds and Others to Meet April 2, Owing to Schalkburger's Movement.

The Hague, April 1.—Mr. Kruger, Dr. Leyds and the Boer delegates in Europe are expected to hold an important meeting at Utrecht, April 2 to consider the situation in view of Acting President Schalkburger's peace movement. Well informed people here say General Schalkburger was evidently influenced by the receipt of the news of the result of the Dutch note to Great Britain on the subject of peace in South Africa and other dispatches sent him from here. It is known that his communications with President Steyn and General DeWet, which have heretofore been easily carried on, were interrupted by the recent British military movements, and, as it was necessary to communicate with Mr. Steyn and General DeWet before any peace proposition could be formulated, General Schalkburger had to apply to Lord Kitchener for a safe conduct.

Considerable surprise is expressed here at Schalkburger's delay in getting in touch with DeWet and it is thought that something unusual must be behind it.

But even if the Orange Free state and Transvaal officials agreed to peace terms it would be necessary for both republics to call a general meeting of the commanders and submit the proposals to the burghers before they could be submitted to Lord Kitchener. In any case, unconditional surrender, it is declared, is out of the question.

HOME AFFAIRS.

Brief Notes of a Personal Nature and of Matters About Town.

A Son Born—A son has been born to Mr. and Mrs. M. D. Logan, of Third street.

Entertaining Friends—Mrs. Louis Steinfeld entertained a number of lady friends this afternoon.

Improving His Property—M. O. Fisher is making extensive improvements to his Lisbon street property.

Clerks Will Meet—The local clerks' union will meet tonight for the first time in the new headquarters in the postoffice building.

Erecting a New House—City Commissioner Alex Bryan last week began the erection of a fine new residence on McKinley avenue.

Election of Officers—The Woman's Missionary society of the M. E. church meet tonight for the purpose of electing officers for the coming year.

Will Sew And Eat—The ladies' missionary society of the First Presbyterian church will have an all-day sewing and lunching tomorrow at the church.

New Addition to the City—City Engineer J. Charles Kelly will soon commence to plat the property of the Wucherer estate, for years known as the "old Surles brick yard." Three streets are laid through this property, namely, Cadmus, Sophia and Minerva. There will be quite a number of these lots sold as soon as the plat is completed, and it will not be long until several houses are under course of erection in this addition.

No Dynamite in It—Frank M. Woutts, the grocer, received a mysterious parcel through the mail this morning. He opened it with caution,

but was surprised when he undid the wrapper to hear a whizzing noise. Visions of dynamite arose before him, but he looked closer and discovered a toy fly, whose wings had been confined by a rubber band until he unwrapped the package. The parcel came from Little York, Ill., and was an April fool joke.

Suspected of Insanity.

Lisbon, April 1. — (Special.) — Josephine, wife of Edward McLaughlin, of Lisbon, is to be examined this afternoon in probate court as to her sanity. Her family desire that she be sent to Massillon.

CONTRACTORS' DECISION.

The East Liverpool Contractors association has adopted the following resolution:

Resolved, first, That we will pay all men whom we consider worth the price \$3 per day and allow eight hours for Saturday.

Second, That all work contracted for prior to January 1 be completed at the old scale.

Third, That contractors will make their own arrangements with their foremen.

Fourth, That we require that journeymen refrain from job work or contracting; otherwise we will not employ carpenters who do the same.

Notice.

There will be a meeting of the Woodmen of the World on Wednesday evening, April 2, in the Rechabite hall, Thompson building.

LIBRARY MATTERS WERE DISCUSSED

Small Surplus of Old Library Talked Over By the Board of Education.

THE USUAL INSTALLMENT

Will Not Be Paid in Full This Time. Detailed Statement of Library's Needs Before Consolidation Considered—Monthly School Report.

Public library matters commanded considerable attention at a meeting of the board of education last evening, and as a result the full amount of the library installment from the school board will not be paid this time, as it has been in the past.

Laws on the subject were read by Clerk Walter B. Hill and the members of the board acted accordingly. The report of the public library from January 1, 1901, to February 7, 1902, was read and showed the receipts to have been \$1,487.34 and the expenditures \$1,477.95. This left a balance of \$9.39 in the treasury of the library. It has been understood by the members of the library board that the full amount of the library installment should be paid, but this was not agreed to by the board, and as a result the board decided, instead of paying the entire installment, to ask Leroy Orr, treasurer of the public library, to file a detailed statement of the needs of the library up to the time that it would be consolidated with the Carnegie library, and the bills will be honored. By so doing, and unless authorized by a special act of the legislature, the board will have a small amount of money in the bank that cannot be used for any other purpose. It was suggested that the levy or balance be turned over to council to be applied to library purposes, but this was permitted on account of the law on the matter.

Clerk Hill reported that he had advised the county supervisors of election of the desire of the board to hold a special bond issue election at the regular election next Monday, and that the request had been acceded to by the county board.

The report of Supt. Rayman for the month beginning March 3 and ending March 31 was read. It shows the attendance to be increasing rapidly and this is shown by the several enrollments. The report follows:

New enrollment, males 17, females 18; entire enrollment, males 1,571, females 1,596; monthly enrollment, males 1,358, females 1,383; re-enrollment, No. 1, males 15, females 12; re-enrollment No. 2, males 9, females 9; average daily attendance, males 1,173, females 1,186; per cent attendance, males 93, females 92; promoted, none, demoted, none; last month five scholars were promoted; pupils absent, males 336, females 385; pupils with drawn, males 60, females 75; cases of tardiness, males 58, females 54; cases of truancy, males 38, females none; corporal punishment, 63. The last report showed that only 38 scholars were reprimanded for bad behavior; teachers absent, 49; visits by patrons, males 27, females 91; visits by board, none; last month one member of the board of education visited the schools; cases of sickness, males 368, females 434; visits by superintendent, 128; roll of honor, males 490, females 487.

The following bills were ordered paid: Will Reed, \$103.39; East Liverpool Pottery Co., \$6; Ohio Valley Gas Co., \$175; Ginn & Co., \$14.56; Faulk Bros., 53 cents; Houghton, Mifflin & Co., \$9; A. C. Burrows, \$4; W. W. Bridge, \$1.50; Milligan Hardware Co., \$15.75; Adams Express Co., 60 cents; Andrew Rattray, \$1.50; total, \$331.83.

PERPLEXING PROBLEM

FOR THE COUNTY AUTHORITIES TO DEAL WITH.

Insane Woman From Pennsylvania Came to Ohio And Is Bent on Staying.

Lisbon, April 1. — (Special.) — The officials are a little perplexed today over an insanity case belonging to the state of Pennsylvania, rather than to Columbiana county. Mrs. Mary Brown, whose former home was at Mt. Pleasant, Pa., has been insane almost two years. Part of the time she has been in Dixmont hospital and part of the time in a Pittsburgh hospital. Her relatives at Rochester, Pa., thinking they could care for her, took her to their home recently. Last Saturday they were convinced that they could not provide for her, and talked of returning her to Dixmont. Overhearing the conversation, she somehow procured money and started for the home of her brother, John Gillis, north of Lisbon.

Her two sons, Lewis and Joseph, started for the same place and were surprised to see her get on the P. L. & W. train at Rogers. She is now at her brother's. She told her sons they need not try to take her back to Dixmont. They say they cannot induce her to return. The matter is not settled whether the sheriff shall assist them or whether the Dixmont authorities be appealed to. Her condition is due to religious emotions and beliefs. Sheriff Leonard received word this afternoon that a Beaver county official would arrive from the Dixmont (Pa.) hospital tomorrow morning to convey Mrs. Brown to that institution.

A BATTLE ROYAL

Is Promised for the Possession of Valuable Mines in Bellaire District.

Bridgeport, April 1.—It now looks very much as if there would be a battle royal for the valuable coal lands of Belmont, Harrison and Jefferson counties. A few days ago the indications were that the Osborne-Saeger company and Pittsburg and Cleveland parties would have no trouble in securing the control of the leading mines and territory in these counties, and several deals were made.

The Pittsburg combine has concluded to enter this field and if possible block the other company that is securing the territory to compete with them. Yesterday the Pittsburg combine purchased the Roby Coal company's mine and the territory at Adena, on the W. & L. E. and B. & O. railroads, and it is said that the amount paid was little short of \$1,000,000. The mine has just been opened a short time, and is well equipped with modern mining machinery, and it is said, has about 11,000 acres of territory of splendid coal, which lies contiguous to the W. & L. E. and the road in construction which runs from Adena to Bellaire, and is controlled by the Wash. It is said the new owners will make two new openings immediately and commence operations. This property is considered one of the most valuable in eastern Ohio.

The Osborne-Saeger company did not seem alarmed at this invasion, but is going ahead buying mines.

IMPORTANT BOER CONFERENCE.

Kruger, Leyds and Others to Meet April 2, Owing to Schalkburger's Movement.

The Hague, April 1.—Mr. Kruger, Dr. Leyds and the Boer delegates in Europe are expected to hold an important meeting at Utrecht, April 2, to consider the situation in view of Acting President Schalkburger's peace movement. Well informed people here say General Schalkburger was evidently influenced by the receipt of the news of the result of the Dutch note to Great Britain on the subject of peace in South Africa and other dispatches sent him from here. It is known that his communications with President Steyn and General DeWet, which have heretofore been easily carried on, were interrupted by the recent British military movements, and, as it was necessary to communicate with Mr. Steyn and General DeWet before any peace proposition could be formulated, General Schalkburger had to apply to Lord Kitchener for a safe conduct.

Considerable surprise is expressed here at Schalkburger's delay in getting in touch with DeWet and it is thought that something unusual must be behind it.

But even if the Orange Free state and Transvaal officials agreed to peace terms it would be necessary for both republics to call a general meeting of the commanders and submit the proposals to the burghers before they could be submitted to Lord Kitchener. In any case, unconditional surrender, it is declared, is out of the question.

Improving His Property—M. O. Fisher is making extensive improvements to his Lisbon street property.

Clerks Will Meet—The local clerks' union will meet tonight for the first time in the new headquarters in the postoffice building.

Erecting a New House—City Commissioner Alex Bryan last week began the erection of a fine new residence on McKinley avenue.

Election of Officers—The Woman's Missionary society of the M. E. church meet tonight for the purpose of electing officers for the coming year.

Will Sew And Eat—The ladies' missionary society of the First Presbyterian church will have an all-day sewing and lunching tomorrow at the church.

New Addition to the City—City Engineer J. Charles Kelly will soon commence to plat the property of the Wucherer estate, for years known as the "old Surles brick yard." Three streets are laid through this property, namely, Cadmus, Sophia and Minerva. There will be quite a number of these lots sold as soon as the plat is completed, and it will not be long until several houses are under course of erection in this addition.

No Dynamite in It—Frank M. Woutts, the grocer, received a mysterious parcel through the mail this morning. He opened it with caution.

but was surprised when he undid the wrapper, to hear a whizzing noise. Visions of dynamite arose before him, but he looked closer and discovered a toy fly, whose wings had been confined by a rubber band until he unwrapped the package. The parcel came from Little York, Ill., and was an April fool joke.

Suspected of Insanity.

Lisbon, April 1. — (Special.) — Josephine, wife of Edward McLaughlin, of Lisbon, is to be examined this afternoon in probate court as to her sanity. Her family desire that she be sent to Massillon.

CONTRACTORS' DECISION.

The East Liverpool Contractors association has adopted the following resolution: Resolved, first, That we will pay all men whom we consider worth the price \$3 per day and allow eight hours for Saturday.

Second, That all work contracted for prior to January 1 be completed at the old scale.

Third, That contractors will make their own arrangements with their foremen.

Fourth, That we require that journeymen refrain from job work or contracting; otherwise we will not employ carpenters who do the same.

TROUBLE SEEMS IMMINENT IN THE BUILDING TRADES

Scales Which Were to Be In Effect Today Are Not Satisfactory.

CARPENTERS IN QUANDARY

The Contractors Present Terms Which Are In Nature of an Ultimatum.

THE MEN GOT NO NOTICE

Of the Proposed Action of the Bosses, Who Say They Will Pay \$3 a Day Only to the Men Who Can Earn It. Stone Masons Dissatisfied.

Four of the building trades had scales which became operative this morning, and in at least two cases there promises to be trouble. The painters' scale was signed some time ago and in the case of the plasterers no opposition was made to the demands of the men.

On account of the alleged unbusinesslike methods employed by the contracting carpenters of the city it is very probable that some difficulty is going to be experienced in securing a satisfactory settlement with the journeymen with reference to the new scale of wages which was to go into effect this morning.

For the past three months, or ever since the members of No. 328 decided to ask for an increase in pay and acquainted the contractors with the fact, there has been a disposition on the part of the bosses to resist the demand. Communications have passed between the bodies, with no results; propositions and counter propositions have been made and turned down at each end with surprising regularity. Finally a committee was appointed to confer with the contractors, but this move, the men say, was as unproductive of results as the former efforts. The employers have taken the stand from the first that they would not pay the rate asked—\$3 per day—unless the workman was able to earn that amount, and they insist upon having the right to be the judges of the competency work.

An official of No. 328 stated this morning that this question is a superfluous one, since the constitution of the union would not permit the organization to uphold an incompetent workman and the contractor was at perfect liberty to dispense with the services of such a man at any time.

At a meeting of the bosses last night a resolution was adopted, a copy of which can be seen elsewhere, and from a statement made by a prominent contractor it is in the form of an ultimatum.

The contents of this resolution, the men say, they have not been made acquainted with, and knew nothing about, as they had not been furnished with a copy.

Harvey McHenry's crew, employed on the new addition at Laughlin No. 2, not having had any official notification from the bosses as to what they proposed to do, went out and to the headquarters of the firm at the Robert Hall lumber yards.

It is said the members of the builders' trades council are divided as to what course ought to be pursued with the several trades. A majority, however, are said to favor granting the requests of all except the carpenters, and this fact accounts for the stand taken by the employing carpenters.

A meeting of the union will be held tonight.

The stone masons' scale was to have gone into effect this morning, but it had not yet been signed and no work has been done. This fact is due in a great measure, however, to the inclement weather. A conference is being held today between John Schmeltzenbach, James Cunningham and Mr. Hinton, of the bosses, and a like number from the men today. To the present no agreement has been reached.

DEFACING MAIL BOXES

Seen Scratching a Match on One Subject the Offender to Heavy Penalties.

Complaints have frequently been made to the postmaster in this and other cities of the defacement of mail boxes. It may not be generally known,

but it is a fact that a person can be fined and imprisoned for even scratching a match on a letter box. The law imposes a penalty of \$100 fine to three years' imprisonment for the defacing or mutilation of mail boxes.

The striking of matches on the boxes, the breaking of the glass covering postal guides, the cutting of postal guides that are of celluloid, or the marking in any manner, no matter how trivial, is sufficient cause for the arrest of guilty parties.

RINEHART SALE

TO THE PENNSYLVANIA NOT YET EFFECTED.

Owner of the Property Reluctant to Meet a Representative of the Railroad.

Attorney F. J. Mullins, of Salem, representing the Pennsylvania company, was in the city yesterday, and it is announced the object of his visit was to close up the deal for the John Rinehart property on Second street.

Mr. Rinehart, it is said, was not anxious to see the officials and spent the day in Pittsburg. He could not be seen today and it is presumed he is still out of town.

The statement has been made that Mr. Rinehart would refuse to transfer the property at the figure originally agreed upon, but the railway people believe they have a good case and can get the site.

At the time the deal was closed about six weeks ago, there was a contract. This document provided for a consideration of \$10,000, but makes no mention of the time the money shall be paid over. The agreement further provides that Rinehart shall give possession on March 27, and that on or before that date he furnish an abstract of title to the property.

This latter clause, the officials say, has not been complied with and until it is, no money shall be paid over. They further say no consideration in excess of \$10,000 will be paid. Mr. Mullins returned to his home last evening, but it is likely he will return this week.

BEFORE A JURY

Case Brought By E. W. Hill Against W. H. Adams Placed on Trial.

The suit brought by E. W. Hill against W. H. Adams to collect money alleged to be due as commission on a sale made for the defendant by the plaintiff, was placed on trial in Justice McCarron's court this afternoon. A jury composed of the following gentlemen is hearing the case: Samuel Cartwright, John W. Wyman, David Wallace, John W. Hall, Christian Metz and Pat McNicol.

A large number of witnesses have been subpoenaed and the case is being fought to the bitter end.

COULDN'T FIND HIM

Mrs. Mary Baker Gives Up the Search for Her Missing Husband.

Mrs. Mary Baker, who came here yesterday from Steubenville in search of her husband, who, she alleges, deserted her after taking \$40 of her money, went to Wellsville last evening.

It was learned by the woman that Baker left here a few days ago, ostensibly to go to Pittsburg. She also learned that he had not been working, but instead was spending the stolen money about the saloons.

A Jury Ordered.

Lisbon, April 1. — (Special.) — In the case of the city of Salem vs. the Leisy Brewing company, of Cincinnati, the probate court has ordered the empaneling of a jury April 11 to assess the property and determine the amount to be paid the county if the property is used to widen Penn street.

Ordered to File Account.

Lisbon, April 1. — (Special.) — A. H. Clark, administrator of George Hallans, late of East Liverpool, has been ordered to file an account by April 12 to furnish reasons for not doing so.

Will Probated.

Lisbon, April 1. — (Special.) — The will of the late Mary E. Whitaker, of Center township, has been admitted to probate. Lodge Riddle is executor. P. M. Armstrong, George Force and W. O. Smith are appraisers.

A SAVINGS BANK

Will Soon Start Business In This City With \$100,000 Capital—Incorporation Papers Have Been Issued.

The Dollar Savings Bank company, of East Liverpool, has taken out a certificate of incorporation to conduct business which savings and loan associations are authorized to engage in. The capital stock is \$100,000, in shares of \$100 each, and Messrs. David Boyce, M. E. Golding, John W. Vordrey, H. N. Harker and George H. Owen are the incorporators.

No stock has yet been subscribed, but as George H. Owen this morning received the incorporation papers from

Columbus, no time will be lost in forming an organization, and disposing of the stock.

No difficulty will be encountered in this particular, as the need of an institution of this character has long been felt in the city. The promoters have a location in view, and it only remains for the formation of a permanent organization for the concern to begin active operations.

It is expected that the bank will be open and ready for business within six weeks.

FOUR WERE FINED BY THE MAYOR

Echo of the Raid on James Walters' Saloon—One Will Stand Trial.

WALTERS IS NOT AT HOME

And It Is Reported He Has Left Town. John Brighthouse's Troubles—James Penny Taken to the Canton Workhouse.

Four of the young men caught in James Walters' saloon when the police raided it Sunday night, appeared before the mayor last evening. Three pleaded guilty to the charge of loitering and were fined \$2 and costs each, which was promptly paid.

Daniel Pickal, who was among the unfortunates in the raids, is in jail. He intends to stand trial, though he admits he was in Walters' saloon after the hour of closing. He claims exemption from a fine for the reason he is a boarder at Walters' place. The trial is set for Thursday, when the mayor will decide the question of Pickal's responsibility.

It is said that Walters is missing from the city and it is thought he has left in preference to paying a fine of \$100 and costs, which the mayor would in all probability impose on him.

John Brighthouse was arrested at an early hour this morning at his boat house near the flint mill. A patrol call was sent to the fire station by Mrs. Brighthouse, who informed Patrolman Woods that her husband was creating a disturbance.

Brighthouse was taken to jail, but his story to the mayor this morning was so greatly in contrast to that told by Mrs. Brighthouse that he was discharged. He claimed he was not trying to create trouble, but only attempting to stop a carousal which was in progress at his house. The mayor believes the man to innocent of much of the crime he is frequently accused of.

A tramp giving the name of William Curtis was arrested by Patrolman Woods last night. He was found at Brunt's pottery in a bad state of intoxication. Having no money Curtis was ordered this morning to leave town. He claims Maysville, Ky., as his home.

James Penny was taken to the Canton workhouse this morning by Officer Mahoney.

FRATERNAL VISIT

Masons From the Monongahela Valley Will Be Entertained Here Tonight.

The special train bearing from between 70 to 80 Masons from California, Pa., and upper Monongahela valley towns will arrive at this city this evening at about 6 o'clock. These Masons will visit the local Masonic Blue lodge for the purpose of witnessing the working of the third degree. The train will return to the Monongahela valley late tonight.

Masons from Brownsville, California, Charleroi and other towns are expected in the party. Elaborate preparations are being made for the entertainment of the visitors. The object of the trip is to witness the Ohio secret work, and it is likely the Pennsylvania men will be most pleased with their visit, as the East Liverpool organization is one of the best in the state.

DELEGATES NAMED BY THE PROHIBS

County Convention of the Party Held in This City Last Night.

NO TICKET NOMINATED

It Being Decided to Put That Off Until After the State Convention. Strong Resolutions Favoring Prohibition Were Adopted.

The Prohibitionists held their county convention last night at G. A. R. hall, with a good attendance. Delegates to the state convention at Zanesville April 29 and 30 were chosen, but the nomination of a county ticket was deferred until after that event.

S. J. Faulk, chairman of the county committee, called the meeting to order and Rev. S. C. George offered prayer. In the absence of the secretary Wilson Edgerton, of Columbiana, was chosen to record the proceedings.

The following delegates and alternates to the state convention were nominated:

Delegates—Joseph R. Stratton, Rev. F. G. Cope and Miss Laura Schelling, Perry township; W. D. Oliphant, Butler township; Mrs. Thomas Patterson, Center township; J. E. Ward, Harry Buxton and Rev. Mr. McEwan, Unity township; John Fiekes, Washington township; Dr. S. M. McConnell and G. W. Menough, Yellow Creek township; S. J. Faulk, C. F. Bough, W. J. Curry, S. E. Fisher, J. M. Aten, R. B. Stevenson, Mrs. D. McDonald and Mrs. Henry S. Goodwin, Liverpool township; Hugh L. Rose, Rev. Mr. Campbell and D. J. Smith, St. Clair township.

Alternates—Charles Cope, Butler township; Dr. W. O. Morrow, Center township; George Ward and Frank Verner, Unity township; William Dodds, Washington township; Clarence Wilcoxen and W. H. Doughaday, Yellow Creek township; W. A. Weaver, John Schmeltzenbach, D. F. White, W. M. Morlan, D. M. Ogilvie, W. E. Mercer and J. C. McIntosh, Liverpool township; George Thompson, St. W. Eakin and Thomas Moore, St. Clair township; Henry Morlan and Rev. J. T. Baker, Middleton township.

It was ordered that ex-Mayor C. F. Bough and D. J. Smith be appointed a committee to select place and date for holding a convention to place in nomination a full county ticket, the convention to be held some time the latter part of June.

The following resolutions were unanimously adopted and the delegates instructed to carry them to the state convention:

"Whereas, The congress of the United States has exclusive jurisdiction over the district of Columbia, and we the people of the United States, through our representatives in congress, are responsible for the same; therefore we would respectfully request our delegates to the state convention to be held at Zanesville April 29 and 30, to have pledged in their platform that the Prohibitionists of Ohio are in favor of forever prohibiting the manufacture, importation and sale or giving away of any intoxicating liquors within the bounds of the ten miles square over which congress has exclusive control, and make the sale or giving away of any intoxicating liquors in the national capital a criminal offense against good government, and make the punishment therefor by both fine and imprisonment.

NEW REDISTRICTING BILL OF A SWEEPING CHARACTER

"And that by petition we request the representatives of the several states to disannul the compromise with death and league with hell in the imposition by the government of a tax or granting license for the manufacture or sale of intoxicating liquor as a beverage, the levying or granting of which gives a seeming legality and the silent endorsement of our much boasted Christian civilization to the hellish traffic."

Speeches were made by several members of the party, all urging that the local campaign be pushed vigorously.

NEW PLEASURE BOAT

TO BE STATIONED AT EAST LIVERPOOL SOON.

Will Accommodate Fifty Persons And Be Used for Small Private Excursions.

Zinn Scharlott, formerly a resident of this city, but now of Allegheny, was in the East End this morning, visiting friends. Mr. Scharlott said:

"I have about completed the building of a new stern wheel pleasure boat which I will bring to East Liverpool about the first of the month. It will be used for small private excursions, and will be operated on the Ohio from this city and Steubenville. The boat will accommodate about 50 persons, and it has been pronounced by boatmen at Pittsburg to be one of the best little pleasure crafts ever built there. The headquarters of the boat will be in this city."

GAS EXPLOSION

AT A DECORATING KILN CAUSES EXCITEMENT.

Dresden Employees Have a Narrow Escape—Door Blown Off And Ware Suffered.

An explosion in a decorating kiln in the Dresden pottery this afternoon caused much excitement and gave the employees of the decorating department a narrow escape.

It is supposed that the kiln was filled with gas when lighted. As soon as the gas blazed up, there was a loud explosion, which blew the iron door off and caused havoc among the ware. Nobody was hurt, but many were badly scared.

IN CIRCUIT COURT

The Case of Ohio Against Dr. W. L. Thompson Will Be Argued Tomorrow.

Lisbon, April 1. — (Special.) — Congressman and Mrs. R. W. Taylor arrived from Washington this morning. Mr. Taylor is interested in the case of Ohio against Dr. W. L. Thompson, which was taken to the circuit court on error.

While it cannot be absolutely certain when the case will be heard, it is expected the argument will take place tomorrow.

Asks for Incorporation at Salem—Woman Suffrage Proposed—Other Matters Before the Ohio Legislature for Decision.

From a Staff Correspondent.

Columbus, April 1. — Representative Bell, of Licking, yesterday introduced a sweeping redistricting bill in the house. It provides a change for every congressional district in the state, and if adopted, would give the Democrats eight instead of five representatives in congress. The measure contemplates radical changes in the eastern part of the state. Stark, with Holmes, Tuscarawas and Wayne, would constitute the Fourteenth district; Belmont, Carroll, Columbiana and Jefferson would compose the Seventeenth district; Lorain, Medina, Portage, Summit and part of Cuyahoga the Eighteenth district, and Ashtabula, Geauga Lake, Mahoning and Trumbull the Nineteenth district. The Republicans will defeat the bill.

Senator Herrick, of Cuyahoga, introduced a bill authorizing municipalities to issue bonds without special legislation.

Representative Williams, of Mahoning, dropped three measures into the house hopper soon after that body convened yesterday afternoon. One of them authorizes the sheriff of Mahoning county to appoint a turnkey to prevent semi-monthly jail deliveries; a second forbids the employment of industrial or special police by mills, factories, etc., and the third provides that the terms of all county commissioners shall begin on the first Monday in January instead of on the first Monday in September, as at present.

Representative Kinsman, of Trumbull, has introduced a bill to grant woman suffrage in Ohio.

The apostles of that famous expounder of the doctrine of Christian Science and faith cure—Mary Baker Eddy, of Boston—who reside in Salem—and they seem to be quite numerous—have banded together and have formed a church. On Monday articles of incorporation were issued to them by Secretary of State L. C. Laylin for the First Church of Christ, Scientist, of Salem. The incorporators are as follows: Mrs. Ellen D. Mayenhof, Estelle Mayenhof, George Lambert, Richard Jones, Emily Jones, Agatha Lambert, Mrs. Mary W. Courtney, Mrs. M. C. White, Ida Eldridge, W. C. Hare, Raymond Jones, Mary R. Flaxon, Sarah R. Burgham and Mrs. E. Lambert.

OIL OPERATIONS

Continue Active, Several Good Wells Being Reported Lately.

There has been considerable work in progress in the local oil fields during the past week. Calhoun Bros. are drilling a well in Green township for F. M. Leasure & Co., of this city, and the same firm a few days ago leased a well on the Stewart farm in Grant district. The contract for the drilling of this well has been let to C. J. Hummerville, and work will soon commence. LaCombe Bros. have brought in a good well in the Turkey-foot extension, which is claimed to be producing from 60 to 70 barrels per day.

At Randalls, between Smith's Ferry and Industry, has been brought in a well good for 25 barrels a day.

Ministerial Association.

The following ministers attended the meeting of the Ohio Valley Ministerial association in the Presbyterian church at Toronto yesterday: Revs. W. B. Irwin, Steubenville; John S. Hamilton, East Liverpool; J. P. Leyenberger, Island Creek; H. Gough Birchby, Toronto; J. Allison Platts, Mingo; J. M. Potter, Brilliant, and L. L. Gray, Knoxville.

Mayor's Proclamation

Relating to the sale of

Intoxicating Liquors on Election Day.

Whereas, the statutes of the state of Ohio provides that whoever sells or gives away any spirituous, vinous or malt liquors on any election day, or being the keeper of a place where any such liquors are habitually sold and drunk fails on any election day to keep the same closed, shall be fined not more than one hundred dollars, and imprisoned not more than ten days. And

Whereas, Monday, the Seventh Day of April, 1902 is such election day,

Now, therefore, I, W. C. Davidson, mayor of the city of East Liverpool, within said state, by virtue of authority vested in me by said statutes, and in compliance with the requirements thereof, do hereby warn the public concerning the provisions of said statutes as above set forth, and that all violations of the same on said day will subject the offender to speedy punishment and all officers invested with police powers within said municipal corporation are hereby commanded to close all places where said statutory provisions are violated and to report forthwith to me all violations thereof.

Given under my hand and the official seal, at my office in said municipal corporation on this 26th day of March, A. D. 1902.

EAST END

PING PONG PARTIES

Now the Rage And a Tournament is to Be Arranged.

Ping Pong is the treat of the season. It is interesting and it is fascinating, and now that the game has been introduced into East Liverpool, ping pong parties are the rage. A ping pong party was given last evening at the home of Mr. and Mrs. Saunders, on Hamilton avenue, where a number of interesting games were played.

Messrs. Moore and Speakman, artists at the Laughlin pottery, played a number of exhibition games, their playing being indeed clever. A conference of persons interested in the advancement of ping pong in this city will be held this week to arrange for a number of tournament games.

NOTHING FOR HIS TROUBLE

Man Who Caught Logs Did Not Even Get Paid In Thanks.

William Price, a frame filler at the Laughlin No. 2, is mourning the loss of a small amount of money. During the recent flood Mr. Price faced death in capturing a number of logs, some of which had but one knot in them. Last week the small steamer, Katheryn came down the river, and seeing the logs the captain ordered the deck hands to gather them in. Price heard of the action of the boat's crew, but arrived at the river shore too late to save his property. Price claims he could have received 40 cents per log as compensation for catching them, but his labor has been in vain.

NEW PARSONAGE

Expected to Have It Completed Within the Next 60 Days.

Stone is being hauled to the site upon which will be erected the parsonage of the Erie street M. E. church, and at the next meeting of the official board of this church the time will be set when work is to be completed. It is thought the parsonage will be ready for occupancy within 60 days, or sooner if possible.

Treated With Anti-Toxin.

Sophie Larkins, the young daughter of Mr. and Mrs. Larkins, of Erie street, who has been ill with diphtheria for some time, was somewhat improved this morning, and there is now some chance for her recovery. Yesterday 6,000 units of anti-toxin were administered and since then the child's condition has been steadily improving.

Epworth League Meeting.

The regular monthly meeting of the Epworth League of the Erie street M. E. church will be held in the church this evening. Matters more of a routine nature will be considered. New officers of this league will be elected at a meeting to be held the first of May.

Ill in Trenton.

Elijah Mountford, of Ohio avenue, assistant manager of the Laughlin pottery No. 2, received word yesterday of the serious illness of his son-in-law, William Canover, at his home in Trenton. His condition is such that his recovery is considered doubtful.

EAST END AFFAIRS.

James Wheatley, of Ohio avenue, who has been seriously ill for several days, is rapidly recovering.

A little son camp yesterday to brighten up the home of Mr. and Mrs. James Terry, of Globe street, Helena.

Mrs. Parks and Mrs. Miller, of East Springfield, are visiting at the home of Mr. and Mrs. R. Baird, of Mulberry street.

W. H. Azdell, who has resided in the East End for several months, today removed his family to a farm near No. 9 school house.

E. J. Middaugh and wife left this morning for Binghamton, N. Y., where Mr. Middaugh has taken a position with the Bell Telephone company.

The annual congregational meeting of the members of the Second Presbyterian church will be held next Monday evening, when the church reports of the year will be presented by the several officers of the church.

Hood's Pills

REFORMING THE HOG

REMARKABLE EXPERIMENT PROMISED BY A SCIENTIST.

Hopes to Make Swine Clean and Well Behaved Animals.

Washington, April 1.—A series of experiments will soon be commenced under the direction of the department of agriculture, looking to the securing of data and the collection of knowledge which will make possible the breeding of clean pigs. One of the professors of the department believes with other high authorities that the pig is not hereditarily and inherently an unclean animal, and holds that it is simply a victim of circumstances and environment. It is proposed by inculcating the principles of sanitation in succeeding generations of pigs to finally secure an animal which, while resembling the porker of today in every essential particular, will have none of the objectionable habits now attributed to him.

It is held by the professor that, owing to the stigma under which the pig now rests, due partially to the Biblical tradition, that the body of the swine in ancient days was considered a favorite place in which to confine exorcised devils and evil spirits, the animal is placed in the most unsanitary habitations, given as food everything that is unclean and held in contempt as one of the lowest beasts of the animal kingdom, and that he has entirely lost his self respect and lives in sloth and dirt. The plan of the department contemplates the erection of a modern sty, free from the objectionable features of such structures.

The theory holds that the pig's fondness for mud baths comes from a desire to rid himself of the heat retained in the body by layers of fat under the thick hide. The hogs in the modern sty will not be allowed to wallow at will, but will be cooled off by a shower bath in one corner of the structure. It is believed that by providing animals with sanitary abodes, giving them cooling baths and feeding them on clean food, the instincts inculcated in the animals by generations of inattention can be eradicated. The object of the plan is to secure a breed of pigs with clean pink skins, shiny, well-kept bristles, good characters and amiable dispositions.

LATTER MAY HAVE 12 MAJORITY

On a Joint Ballot, in the Arkansas Legislature, For United States Senator—County Supposed to Be For Jones, Against Him.

Little Rock, Ark., April 1.—Returns from the Democratic primaries held on Saturday show that ex-Governor James P. Clarke has been endorsed for United States senator and that Governor Davis has carried 65 out of the 75 counties in the state. A telegram yesterday announced that Washington county, supposed to be for Jones, had gone for Clarke by nearly 800 majority.

Clarke apparently will have a majority of 12 on a joint ballot in the legislature.

MINISTER ASKED TO QUIT.

The Rev. E. C. Sweetser, of Philadelphia, Accused of Sympathizing With Czolgosz.

Philadelphia, April 1.—Rev. Edwin C. Sweetser, pastor of the Universalist Church of the Messiah, has announced that the vestrymen have peremptorily demanded his resignation. The clergyman says he will refer the subject to the congregation, and the whole matter leading up to the request of vestrymen will be laid before the meeting of the parishioners.

Vestryman Paret states that Mr. Sweetser has adopted a singular course since the war with Spain. "When Czolgosz shot down President McKinley," said Mr. Paret, "Rev. Sweetser offered a fervent prayer for the youth, calling him a 'poor, misguided young man.' He refused to pray for President McKinley."

Mr. Paret also asserts that Mr. Sweetser declined to hold memorial services in honor of President McKinley. These actions, according to Mr. Paret, created great indignation and Mr. Sweetser was asked to resign. As he failed to do so, the vestrymen, by a vote of 9 to 3, decided to demand the pastor's removal.

The Church of the Messiah is one of the leading Universalist churches in the state and Mr. Sweetser is one of the most prominent clergymen of that denomination.

prices at the opening Monday with a show of recovery. The market, however, almost immediately developed the spotty character which has been the rule of late and fell into heaviness and semi-stagnation. There was another upward movement towards the end of the day, based on the assumption that the quarterly and monthly disbursements to be made Tuesday and the completion of the preparation for them would result in a relaxation of the money market. But the late upward movement showed signs of being abortive, like that at the opening, and did not extend to a large number of stocks. St. Paul was about the only stock which is usually prominent to show an advance of over a point, in spite of the decrease in net earnings for February reported Monday, while Union Pacific, which reported a handsome increase in February net earnings, fell short of the one point advance and reacted again before the close. Rock Island's four point advance and the gains by the Chicago and Northwestern stocks were not very convincing, while the rise of all the way from one to six points in a group of less conspicuous stocks was quite ineffectual to induce a speculative following. The Canadian Pacific group, including the Minneapolis, St. Paul and Sault Ste. Marie stocks and the Duluth, South Shore and Atlantic, were most conspicuous in this category. Hocking Valley also forged upwards 2½. The activity in these was dwarfed by the overwhelming preponderance of Colorado Fuel, Amalgamated Copper and Sugar in the dealings. All of these were depressed after the opening, but recovered sharply. Sugar rising a point above last week on account of the report from the committee on ways and means of the Cuban reciprocity bill. All three stocks reacted again at the close, which was irregular. Although the completion of the preparation for the April 1 settlement seems to insure the money market against any present flurry, there is no expectation in well informed circles of an early relaxation in the money rate.

Some of the speculative bonds were inclined to advance, but there was no general activity in the market. Total sales, par value, \$4,675,000. U. S. bonds were unchanged on the last call.

after which the price will go higher and higher until the stocks bought today at this low figure may be worth at least \$1,000 each. The reason for this marvelous enhancement is simple enough. It doesn't require argument to prove the value of a process by which a good fuel gas can be manufactured for less than five cents per thousand cubic feet.

This is Not an Experiment, the Process Has Already Been Thoroughly Demonstrated.

The Company's plant at Chester is now ready for operation, and the material to be used in the manufacture of the Gas has been ordered and will be shipped immediately.

Most of the governors of the states
in the union will meet at Washington
on April 7 to urge a change in the
date of the presidential inauguration.
Hundreds of thousands of people
flock to Washington on March 4, once
in four years, to witness the great
and important ceremony that takes
place on that date. The weather is
usually raw and cold at that time of
year and thousands of cases of pneu-
monia can be traced to inauguration
day. Many deaths of notable persons
have been due to exposure on such
occasions, and there exists no reason
why it should not be changed. This
would be by joint resolution of con-
gress submitting an amendment to the
constitution fixing a different date.
When this is ratified by the legisla-
tures of three-fourths of the states, it
will become operative. The date most
favored is April 30, that being the day
on which Washington's first inaugura-
tion occurred. At that period Wash-
ington enjoys balmy spring weather,
and even if an April shower should
fall, it would be quite different from
the raw, cutting winds of early March
and the cold, heavy rains so often pre-
valent at that time.

The Youngstown Telegram publish-
ed a superb Easter number. The Tele-
gram, by the way, publishes an excel-
lent paper every day. It has all the
facilities, including the brains and en-
terprise, that go toward making a
complete and popular newspaper. In
addition to complete telegraphic news,
it prints more local matter in every
issue than many of the journals in
much larger cities, and on every page
it bears the marks of skilled editorship.
Youngstown is a hustling city, and the
Telegram is a splendid index of its pro-
gressiveness.

OBITUARY

John Allen Morron.

Lisbon, April 1. — (Special.) —
John Allen Morron died early this
morning of heart failure. He passed
the evening at the Masonic meeting
and assisted in initiatory work until
about 11 o'clock. He appeared in
good health. Mr. Morron was in his
eightieth year and had lived all his
life in this county. He was born at
McKag's mill, Wayne township. He
was the oldest Mason in the Royal
Arch chapter in Lisbon, having been
initiated in 1855. He served as lodge
treasurer 21 years. He conducted a
grocery here 50 years and retired five
years ago. His wife, nee Amanda E.
Bonbright, died in 1872. He leaves
five children—Will, of the Columbiana
County Telephone company, a grocer
in Lisbon; Roy, of New York; George,
of Canonsburg, Pa.; Edwin, of Cleve-
land, and Mrs. J. B. McLaughlin, of
Lisbon. The Masons will have charge
of the funeral.

Joseph Barlow.

At the residence of his parents,
Mr. and Mrs. Matthew Barlow, Pros-
pect street, Joseph Barlow, aged 20
years, died at 1:10 o'clock this morn-
ing of brain fever, with which he has
been suffering for several weeks. The
arrangements for the funeral have not
been completed, although it is thought
the service will not be held until Sun-
day. This is being deferred until the
arrival of a relative, who is now on
his way to this city from England,
and his arrival is daily expected.

Death of an Infant.

The infant child of William Hulme,
who died at the home of Mrs. Kno-
block, of Short street, was buried this
afternoon at 2 o'clock at Riverview.
Mrs. Hulme died at Sebring a short
time ago and was also buried at Riv-
erview.

AT THE THEATER

It was only an audience of ordinary
size that witnessed the performance
last evening—"The Minister's Son"—
at the Grand opera house, but the
play was of such a meritorious nature
that in case the company arranges for
a return engagement the theater will
doubtless be taxed to the limit.

W. B. Patton, in the title role, car-
ried out his part in a most acceptable
manner and made a great hit. He was
supported by an able company, the
leading members of which displayed
talent far above the ordinary. The
play is a strong one and was made
effective by a large amount of special
scenery.

POTTERY NEWS

Members of warehouse womens' lo-
cal No. 7666 are planning for a swell
time at their next meeting to be held
Thursday evening, but a feature of
the occasion will serve to mar the
pleasure, and that is the size of the
meeting place. The local has been
meeting in the Citizens' bank building,
but since the membership has increased
so rapidly the hall has been found en-
tirely too small. On this evening the
local will be taken into the Brother-
hood, according to a statement of the
president, Mrs. Jenkins states a large
class will be taken into the local. The
chatter may be closed on Thursday
evening, but this has not been deter-
mined, nor has it been settled as to
which of the national officers will do
the work. The local now has a mem-
bership of over 300.

It is rumored that the warehouse
womens' local are preparing to pre-
sent a proposition to the manufactur-
ers looking to a betterment of their
condition. This morning when asked
about the matter, Mrs. Jenkins, presi-
dent of the local, said: "I have heard
reports to the same effect, but I assure
you we have nothing in view at pres-
ent. We have not been made a part
of the Brotherhood, and until this is
done I have nothing to say. For the
present we are satisfied with matters
as they stand, but what the future will
bring forth is another question.

Pressers' local No. 4 held an inter-
esting session last evening. Six new
members were obligated, four appli-
cations were received, the quarterly
financial report was read and the cre-
dentials issued to the Trenton dele-
gates. The reinstatement fee of \$3.50
of this local was increased to \$6 last
evening, to take effect the first meet-
ing in April.

Saggermakers' local No. 16 trans-
acted but a small amount of business
last evening. One new members was
obligated at this session. Local No.
32 met, but transacted nothing but
routine business. Local No. 19, gild-
ers and groundlayers, last evening ob-
ligated one new member.

Elmer Reed, boss oddman at Good-
win's, is the owner of a fast driving
horse, purchased at Beaver Falls a
few days ago. It is announced that
the animal can do a mile in 2:15. Reed
will place it on the track during the
racing season.

Freight Agent George A. Wassman
has been advised from the headquar-
ters office of the C. & P., at Cleveland,
that lake navigation from Cleveland to
Toledo, has been opened. The lake as
far as Mackinac will be open May 1.

At the next meeting of No. 9 ar-
rangements will be made to attend di-
vine services at the First M. P. church
on Sunday morning April 12. The in-
vitation of Rev. W. H. Gladden was
accepted at the last meeting.

Martin L. Elliott, formerly a resi-
dent of the East End, but who recent-
ly did kiln work at the Canonsburg
pottery, has returned to this city, and
is now a member of the glost crew at
Laughlin No. 2.

Next Friday evening the quarterly
financial report of kilnmen's local No.
9, will be presented. This will show
the membership of the local, and a re-
arrangement of the per capita tax will
be made.

The kilnmen at Goodwin's glost end
are working out their two weeks' no-
tice. They are "Doc" Edgell, bench
boss, Charles Hay and John Barnes.
It is said William Baxter will set out
at this bench.

William Wildblood, who has been
spending a few days in the city, left
for Salem today. He is employed in
the pottery at that place.

Edward Baker has returned to his
jigger, at the 'Pool after being off for
several days on account of a healing
on his jaw.

John Herron, of Wall street, a batten-
out at the Laughlin No. 2, returned to
work yesterday after an illness of sev-
eral weeks.

W. A. Rhoades left yesterday for
an eastern trip in the interest of the K.
T. & K. He will be gone several
weeks.

Thomas Pyle, of the Burford clay
shops, completed a horse trade at
Grim's bridge yesterday afternoon.

WELLSVILLE

THE BOND ISSUE

AN IMPORTANT QUESTION FOR WELLSVILLE VOTERS.

Supt. Perkins Tells Where It Would Pay to Spend \$60,000 on Water.

The spring election being close at hand the entire voting population is seriously considering the several important issues on which decisions will be made.

Probably the most talked of question is centered on the advisability of bonding the city to the extent of \$60,000, which money is to be used as a help toward installing a gravity water system.

That the citizens are in favor of a new system is evident, but on the other hand it is almost an assured fact that the new system will not be installed. The objection to bonding the city arises solely from the fact that the citizens are in one accord against being assessed a higher tax rate than the one now imposed, which they think is almost unbearable.

Supt. Perkins, of the water works, states that if the citizens would stop and consider the question carefully they would quickly change their minds in regard to the higher taxation. He said:

"If the city is bonded for \$60,000 the rate will, of course, be higher for a few years, but if the new system were adopted the expense of a power station would be obliterated. This expense to the city every year amounts to over \$5,000. One can readily see that it would not take many years for the whole debt of a new system to be abolished at the rate of \$5,000 per year. With the present system the city expends that amount with no possible chance of ever diminishing the debt.

"No one is satisfied with the water now in use. They can not be blamed. It is a wonder to me that the whole city is not besieged with a typhoid attack. The water is undoubtedly impure and contains the germs of disease.

"As for the Yellow Creek water, which would be in use if the new system were adopted, nothing can be said against its purity. This water has been tested by three of the greatest chemists of the United States and has been pronounced by them as being far superior to the best supply obtainable from the Ohio river. The citizens will make a mistake, which they will long regret if they vote down the bond issue."

BRICKS FELL ON HIM

Pedestrian Painfully Injured While Going Down Clark Avenue.

While walking down Clark avenue James Harrison, of the West End, met with a painful accident yesterday. A row of bricks is piled four feet high along the avenue and it was when near a section of them that he was hurt.

A large number of bricks without apparent cause toppled over suddenly and several of them struck Harrison about the feet and lower limbs, bruising and cutting them considerably. He will be laid up for several days.

A NITCH IN PROCEEDINGS

Supt. Healy And Supt. Perkins Disagree About Relaying Clark Avenue Main.

"When will Supt. Healy have the trench dug in Clark avenue for the relaying of the water main?" was the question asked Supt. Perkins by a reporter. In reply Supt. Perkins made a startling remark. He said:

"I really don't know. I heard this morning that the work had been com-

menced. This I cannot believe, for the reason that Supt. Healy telephoned me last week that he only intended excavating for a distance of 400 feet. My agreement with him was that he dig the trench and then I would relay the main. He stated that no such agreement was made and has positively refused to excavate from Eighteenth to Twenty-first street."

"What will you do now, Supt. Perkins?" asked the reporter.

"Well, there is only one thing to do. That is for me to have the main lowered and not relaid. But if I am compelled to do this the street railway company will suffer. Upon every occasion that I have to tap the main I will most assuredly stop the street cars from running down Clark avenue."

Judgment for \$4.23.

Squire MacKenzie has rendered a decision in the Sharp-Dorman case, which was argued in his court last week. It will be remembered that Sharp sued for \$19, alleging that Dorman owed him that for pasture rent. According to the decision the plaintiff was given judgment for \$4.23. The squire did not think that Sharp's pasture was worth \$9.50 per month for one little calf.

MINOR NEWS OF WELLSVILLE.

Curtis Atchison is in Cleveland on business.

Miss Mary Stoakes is the guest of friends in Cleveland.

Mrs. M. S. Bean, the guest of relatives for several weeks, left yesterday for her home in New York city.

Miss Florence Everson is visiting friends in Baltimore. Before returning home she will also visit in Philadelphia.

The funeral of Miss Nancy Hays, who died at her home near Summitville yesterday, will occur at Bethesda Wednesday afternoon.

The Woman's Home Missionary society of the M. E. church will hold its regular monthly meeting at the home of Mrs. H. C. Wells, Main street, Wednesday evening.

G. A. R. Men Still After Evans.

Washington, April 1.—More trouble is in store for Pension Commissioner Evans. His elevation to the "better place" promised him by the president will be fought by members of the Grand Army of the Republic. They are also dissatisfied with the announcement that the same policy will be pursued in the pension bureau as heretofore. If this is done, they argue, the retirement of Evans will be of little benefit to them.

Recent Storm Blew Down Most of Hancock County Oil Rigs.

Definite reports concerning the damage done property in Hancock county by the wind storm Sunday are just being received in Chester. It seems that the greatest destruction wrought was to the rigging and machinery in the oil fields. The oil operators are reported as having lost hundreds of dollars as a result of the storm.

Of the numerous rigs located in the county but few remain standing. W. F. Brown, of Brownsville, reports that the rigging for his two wells were completely ruined. His nephew, Joseph Kough, was in Chester and East Liverpool today looking for rig builders. Such men are in great demand and prices almost incredulous are being offered for their services.

CLOSING UP CONTRACTS

For Rights of Way for Panhandle Extension From Chester.

Attorney Somerville, of Wheeling, was in Chester this morning on business connected with the New Cumberland branch of the Panhandle railroad. Mr. Somerville was adverse to stating the real object of his visit, but intimated that it was for the purpose of closing certain right of way contracts.

"From Kenilworth to the eastern boundary line of Chester several contracts remain unsettled," stated Attorney Somerville, "but no difficulty is being entertained as to the final result."

HAGUE VS. HUTTON

An Interesting Case Which Will Be Tried at New Cumberland Tomorrow.

The case of J. L. Hague vs. Frank Hutton, which was appealed from Squire Johnston's court, will be heard by the circuit court at New Cumberland tomorrow. About 40 witnesses from Chester and vicinity will be examined and more than the ordinary interest is being manifested.

Hague is suing Hutton for money which he alleges is due him for hauling staves. Squire Johnston's decision gave Hague \$40.

Allison-Hunter.

At her home near Chester Miss Amanda Allison will be married to Prof. Lawrence Hunter, of Homewood, Pa., tomorrow evening. The ceremony will be performed by Rev. J. D. Hull, of Fairview, in the presence of the immediate friends only. Miss Allison is daughter of Mr. and Mrs. R. E. Allison, and is possessed of many admirable traits. Prof. Hunter recently closed a successful term at the Franklin school house and is a young man of excellent character.

STORER TO GO TO BERLIN

To Succeed White When He Resigns. Henry White Urged For the Italian Mission.

Washington, April 1.—Henry White, at present secretary of embassy at London, is the latest and most formidable candidate for the vacancy in the Italian embassy to be created by the retirement of Ambassador Meyer. Mr. White is strongly urged by Senator Lodge and has the most enviable record in diplomatic practice. He was secretary of the embassy when Mr. Hay was ambassador, and, consequently, he has a warm friend in the secretary.

Bellamy Storer, now minister to Madrid, is to go to Berlin as ambassador, to succeed Mr. Andrew White when that officer retires, which probably will be next fall. The only contingency which may defeat Mr. Storer's aspiration in this direction lies in the attitude of the Ohio senators toward his promotion; if they are jointly opposed they may defeat the proposed appointment.

Mr. Storer's retirement from Madrid will leave a vacancy there which rumor connects with the name of Henry Clay Evans, the retiring pension commissioner, though it is learned upon inquiry that this is not yet assured.

CUBAN RECIPROCITY BILL.

Ways and Means Committee Adopted It—Foes May Fight on Floor of House.

Washington, April 1.—Following the action of the ways and means committee in reporting the Cuban reciprocity bill, the Republican members who oppose that measure held a conference in the committee room of Representative William Alden Smith, of Michigan. About 30 members were present, representing the various states interested in beet sugar production. No formal action was taken, but the discussion was in the line of continuing the contest on the floor of the house. It is expected, however, that the opposition will be from members individually, rather than from a compact and organized opposition.

After the meeting it was claimed by those present that about 30 Republicans would speak and vote against the bill. The ways and means leaders feel confident that the bill will pass, probably by Republican votes. In any event, there is said to be more than sufficient Democratic support of the bill to offset the Republican defection.

The house committee on ways and means, by a vote of 12 to 5, yesterday ordered a favorable report on the Payne bill providing reciprocity for Cuba.

Two Republicans—Tawney and Metcalf—voted against the bill. All amendments were defeated.

The Democrats who voted in favor of reporting the bill were: Richardson, Swanson and McClellan. The Democrats who voted with Metcalf and Tawney against the bill were Cooper, Newlands and Robertson.

The bill is entitled "a bill to provide for reciprocal trade relations with Cuba. It authorizes the president, as soon as may be after the establishment of an independent government in Cuba and the enactment by said government of contract labor, immigration and exclusion laws as restrictive as those of the United States, to enter into negotiations with

the Cuban government for a reciprocal trade agreement.

The United States government is to receive a reduction of at least 20 per cent over other countries, and as an equivalent Cuba shall pay only 30 per cent of the Dingley rates on goods exported to the United States until Dec. 1, 1903.

Chairman Payne later presented to the house the report.

TO GOVERN PHILIPPINES.

Slight Hint at Self-Government in Bill Completed.

Washington, April 1.—The senate committee on the Philippines yesterday completed consideration of the bill prescribing a form of government for the Philippine islands and authorized Senator Lodge to report it to the senate after voting down the Democratic substitute by a party vote.

Among other features, after the completion of the census, the Philippine commission is required to report fully to the president and congress "their recommendations based on such census and upon the operation of the local governments, provided for," whether or not all or certain of the Philippine islands are capable, fit and ready for the establishment of a permanent popular representative government.

The Philippine commission is continued in effect, and there is no further hint than that above quoted of a possible change.

Clayton Coming Home to Explain. Washington April 1.—United States

Ambassador Powell Clayton has received leave of absence from Mexico for the purpose of coming to Washington and explain to the state department his connection with the charges preferred against him by William H. Mealy and filed by Senator Nelson. He will arrive some time this week, and while here will be the guest of his daughter, Baroness Moncheur, wife of the Belgian minister. Mr. Clayton has denied the truth of the Mealy brief, but has not sent his formal answer. The Mealy charges were that Mr. Clayton improperly used his position in connection with certain Mexican companies in which he was interested.

Charges to Be Investigated.

Washington, April 1.—The war department has ordered an investigation into the charges made by the Manila American of Feb. 13. The story alleges that Private Edward Richter, Twenty-eighth infantry, while a prisoner in the guard house at Dasmariñas, was tortured to death by the lieutenant commanding the detachment. It is said that he was bound and then several gallons of ice water were poured on his face, a drop at a time; that he struggled for a short while and then subsided, and that when the post surgeon examined him he was dead.

Puddlers Get Advance.

Lebanon, Pa., April 1.—An increase of wages of 25 cents per ton has been granted the puddlers of the American Iron and Steel Manufacturing company, to take effect today. The puddlers asked for an increase of 50 cents per ton.

A DEADLY EXPLOSION.

Gas From Coal Dust Causes
An Awful Disaster, In
Tennessee.

22 ARE KNOWN TO BE DEAD.

Ten Bodies Have Been Recovered and
12 More Bodies Were Reported
Yet to Be In the Mine—Occurred
at Dayton, Tenn.

Chattanooga, Tenn., April 1.—An explosion of gas generated by coal dust occurred in the Nelson mine of the Dayton Coal and Iron company, at Dayton, Tenn., at 4 o'clock yesterday afternoon. Twenty-two men are known to be dead. Ten bodies have been recovered and 12 bodies are reported to be yet in the mine.

Gas exists in the Nelson mine and the men are required to use safety lamps. It is the rule of the company for the miners to place their fuses ready to be lighted for blasts just before quitting work each day, and there are workmen known as "firemen" who go through the mine after all the miners are out and set off these blasts. The miners quit work at 4:30 o'clock yesterday afternoon. It takes them about 45 minutes to get out of the mine. The two "firemen" yesterday who are supposed to have caused the explosion are Lark Hunter and John Harney. They shot the blasts at 4:45 o'clock, before all the miners could get out of the mine. It is supposed that one of the fuses was defective and resulted in a blown blast.

REV. DR. NEWTON RESIGNS.

Expects to Accept Call, as Special
Preacher, at Leland Stan-
ford University.

New York, April 1.—After 33 years' continuous service in New York city, the Rev. R. Heber Newton, D. D., rector of All Souls Protestant Episcopal church, is about to resign his charge. He expects to go to San Francisco there to accept a call to become the special preacher at the Leland Stanford university. His assistant, the Rev. W. F. Bentley, says the resignation will be placed in the hands of the vestry in a few days.

OLEOMARGARINE BILL UP.

Simmons Made His Maiden Speech
In Senate Yesterday.

Washington, April 1.—During the entire session of the senate Monday the oleomargarine bill was under consideration. Three speeches were delivered, two in support of the measure and one against it.

Mr. Simmons, of North Carolina, made an extended argument in opposition to the bill, reinforcing cogent points heretofore made against the proposed legislation and adding some new and forceful arguments. This was Mr. Simmons' maiden speech in the senate and he was cordially congratulated at its conclusion. Mr. Dillingham, of Vermont, presented a strong legal argument in support of the measure and vigorously arraigned the manufacture of oleomargarine for imposing, as he said, a fraud upon the people.

In supporting the pending bill Mr. McCumber, of North Dakota, expressed the belief that the farmers of the country were entitled to the protection offered by the bill. Incidentally, he advocated general pure food legislation.

SUNDRY CIVIL BILL.

Measure Up, but Little of Debate
Pertinent, In House.

Washington, April 1.—The house yesterday began consideration of the sundry civil appropriation bill, completing the general debate before the close of the session. Little of the speech-making yesterday was pertinent to the bill. Messrs. Williams, of Mississippi; Pou, of North Carolina, and Spight, of Mississippi, spoke on the proposed investigation of the Southern franchise question. Mr. Bell, of Colorado, discussed the financial bills before the house.

Mr. Payne, chairman of the ways and means committee, reported the Cuban reciprocity bill and gave notice that he would call it up a week from today.

RED NOSE.

Sure Sign of Bad Blood—Can
Be Cured with Blood Wine.

Many of our Citizens Thus Afflicted
Are Obtaining Wonderful Results
from this Great Remedy.

Red nose, red, flushed face, pimply skin, sallow complexion, and sores all belong in the same class, known as diseases of the blood. There is really no excuse for a person suffering with these disfigurements, because the proper treatment brought to bear on the blood will quickly correct them. "Blood Wine" cures disease by working on the blood. It makes new blood and extracts from it the poisonous matter that creates sores, etc. It literally permeates the blood with new life. It causes redness of the skin to gradually disappear and the tint of health to return. It makes sores, ulcers and pimples dry up and fade away. Its action on the blood is never failing.

This is a picture of Mr. Geo. A. Carter, one of Worcester's leading business men and a power in the industrial life of Massachusetts, who says:

"I am much pleased to be able to give my testimony as to the worth and curative properties of 'Blood Wine.' Having used this remedy for more than a year, I can truthfully say it is the best medicine I have ever used for the blood. I would not be without it at any price. After using the first bottle I was greatly benefited, and my entire system seemed renewed with energy, health, and strength before I had finished my second bottle. I can heartily and conscientiously recommend it for old or young as being a remedy that will not disappoint you."

You should try this great medicine; you will feel the effect of it the moment it strikes the stomach. "Blood Wine" contains no wine or opiates. It is not a temporary relief but an everlasting cure. "Blood Wine" costs fifty cents a bottle, but you can sample it free of charge at Will Reed and Hodson's drug stores.

MOVE FOR RATHBONE.

Hanna to Introduce Bill For His Trial in the United States.

THE ADMINISTRATION IS FIRM

In Its Attitude Toward the Convicted Ohioan and Neely—Senator Hanna Believes in the Honesty of Major Rathbone.

Washington, April 1.—The Post today said that Senator Hanna proposes to introduce a bill which will provide for the trial of Estes G. Rathbone, recently convicted in Cuba of frauds in connection with the Cuban postal service, before a court in the United States, under American law and American methods. The senator, The Post said, believes in Rathbone's honesty, notwithstanding his conviction, and claims that under our law evidence not admissible under the Cuban procedure will aid Rathbone. Speaking of the call of Senator Hanna on the president and the former's request for a pardon for Rathbone, The Post said:

"It is quite likely, of course, that some consideration will be shown to Reeves, who became state's evidence, and action in his case may be expected."

ABSOLUTE FAITH

You Can Depend Upon the Word of This East Liverpool Citizen.

He has had the experience. He has thoroughly tested the article.

He found it as represented. He has absolute faith in its merits.

Mr. P. J. Green, veterinary surgeon, says: "When attending a sick horse belonging to Mr. G. H. Gardiner, of 168 Jackson street, he remarked to me that the horse seemed to be in pain. I replied that I was the sicker of the two, as I could at that time scarcely straighten up with my back from lameness, weakness and severe pains. He asked me what my symptoms were and I explained to him that I had suffered for a number of years from my kidneys, that I had attacks at times when nothing helped me, and it was agony to get around, but that I could not endure idleness. The secretions from the kidneys were very high colored and acidulous; that I had spells of dizziness when I could see black specks floating before my eyes and felt generally broken up. He looked up and said he had the very thing needed to cure me in his house—Doan's Kidney Pills. He went into the house and brought me eight pills. I took them with me and used them two at a dose. The effect was astonishing. I felt it almost at once, and went to the W. & W. pharmacy and bought a box and took them. The encouragement held out to me by the first eight pills was not mythical, as by their continual use the improvement continued, and I consider no expression of praise too strong for Doan's Kidney Pills. In short, they are no plus ultra."

Sold for 50 cents a box by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no other.

ed soon after General Wood's return to Cuba. The attitude of the administration toward Rathbone and Neely will, however, be firm. General Wood has the power of pardon, if he should choose to exercise it, but this is not regarded as probable.

"It is said to be extremely doubtful whether the president has the right to set aside the judgment of the Cuban court, for Cuba is a foreign country, although under the nominal protection of the United States. The same reasoning makes it extremely improbable that congress would enact a law transferring the accused ex-officials to this country."

CHILDREN'S DAY AT CAPITAL.

Washington Youngsters Enjoy Their Annual Pastime on the White House Grounds.

Washington, April 1.—Yesterday was egg rolling day, the day of all days in the year for the youngsters of the capital. For a week nearly all the children in the town have been coloring eggs in anticipation of "Easter Monday," and yesterday as soon as the big iron gates of the White House yard were opened they began to throng into the grounds. Each little one had a basket of colored eggs. Many of them brought their lunches, too, in order to spend the whole day on the lawns.

All the shrubbery had been fenced in to save it from the feet of the egg rollers, and the policemen who watched the crowd merely took care that no one broke through the wire guards or fell into the lake. Long before noon the walks were packed with old and young and the little hills were gay with romping boys and girls rolling and throwing eggs.

The young Roosevelt children, Archie, Ethel and Kermet, did not join in the throng of egg rollers. They had their egg hunt Sunday morning, a dozen or more of their friends joining them in the frolic over the little hills and around the little lake. Yesterday they contented themselves with witnessing the games from the back porch.

SYMPATHY FOR THE BOERS.

Sulzer Introduces Resolution in the House—Declares For Stricter Neutrality.

Washington, April 1.—Representative Sulzer, of New York, yesterday introduced in the house the following resolution:

"That we sympathize with the heroic Boers in their struggle to maintain their liberty and independence, and protest in the name of humanity and civilization against the continuation of a war which outrages the feelings of all liberty-loving people, and that the congress of the United States, being committed to the principle of arbitration for the settlement of international disputes, the president is hereby respectfully requested to urge upon the government of Great Britain the wisdom of adopting this policy for the purpose of stopping the awful atrocities now going on in South Africa; and that the president is hereby directed to maintain a strict neutrality between the contending forces, and prevent the shipment of contraband goods from ports in the United States to aid the British soldiers in South Africa, and respectfully inform the British government that if the war in South Africa is continued it must be conducted in accordance with the rules of civilized warfare, and the provisions agreed to and adopted by the Geneva convention and The Hague peace convention."

LIBRARY MATTERS WERE DISCUSSED

Small Surplus of Old Library Talked Over By the Board of Education.

THE USUAL INSTALLMENT

Will Not Be Paid in Full This Time. Detailed Statement of Library's Needs Before Consolidation Considered—Monthly School Report.

Public library matters commanded considerable attention at a meeting of the board of education last evening, and as a result the full amount of the library installment from the school board will not be paid this time, as it has been in the past.

Laws on the subject were read by Clerk Walter B. Hill and the members of the board acted accordingly. The report of the public library from January 1, 1901, to February 7, 1902, was read and showed the receipts to have been \$1,487.34 and the expenditures \$1,477.95. This left a balance of \$9.39 in the treasury of the library. It has been understood by the members of the library board that the full amount of the library installment should be paid, but this was not agreed to by the board, and as a result the board decided, instead of paying the entire installment, to ask Leroy Orr, treasurer of the public library, to file a detailed statement of the needs of the library up to the time that it would be consolidated with the Carnegie library, and the bills will be honored. By so doing, and unless authorized by a special act of the legislature, the board will have a small amount of money in the bank that cannot be used for any other purpose. It was suggested that the levy or balance be turned over to council to be applied to library purposes, but this was permitted on account of the law on the matter.

Clerk Hill reported that he had advised the county supervisors of election of the desire of the board to hold a special bond issue election at the regular election next Monday, and that the request had been acceded to by the county board.

The report of Supt. Rayman for the month beginning March 3 and ending March 31 was read. It shows the attendance to be increasing rapidly and this is shown by the several enrollments. The report follows:

New enrollment, males 17, females 18; entire enrollment, males 1,571, females, 1,596; monthly enrollment, males 1,358, females 1,383; re-enrollment, No. 1, males 15, females 12; re-enrollment No. 2, males 9, females 9; average daily attendance, males 1,173, females 1,186; per cent attendance, males 93, females 92; promoted, none, demoted, none; last month five scholars were promoted; pupils absent, males 336, females 385; pupils with drawn, males 60, females 75; cases of tardiness, males 58, females 54; cases of truancy, males 38, females none; corporal punishment, 63. The last report showed that only 38 scholars were reprimanded for bad behavior; teachers absent, 49; visits by patrons, males 27, females 91; visits by board, none; last month one member of the board of education visited the schools; cases of sickness, males 368, females 434; visits by superintendent, 128; roll of honor, males 490, females 487.

The following bills were ordered paid: Will Reed, \$103.39; East Liverpool Pottery Co., \$6; Ohio Valley Gas Co., \$175; Ginn & Co., \$14.56; Faulk Bros., 53 cents; Houghton, Mifflin & Co., \$9; A. C. Burrows, \$4; W. W. Bridge, \$1.50; Milligan Hardware Co., \$15.75; Adams Express Co., 60 cents; Andrew Rattray, \$1.50; total, \$321.83.

PERPLEXING PROBLEM

FOR THE COUNTY AUTHORITIES TO DEAL WITH.

Insane Woman From Pennsylvania Came to Ohio And Is Bent on Staying.

Lisbon, April 1. — (Special.) —

The officials are a little perplexed today over an insanity case belonging to the state of Pennsylvania, rather than to Columbiana county. Mrs. Mary Brown, whose former home was at Mt. Pleasant, Pa., has been insane almost two years. Part of the time she has been in Dixmont hospital and part of the time in a Pittsburgh hospital. Her relatives at Rochester, Pa., thinking they could care for her, took her to their home recently. Last Saturday they were convinced that they could not provide for her, and talked of returning her to Dixmont. Overhearing the conversation, she somehow procured money and started for the home of her brother, John Gillis, north of Lisbon.

Her two sons, Lewis and Joseph, started for the same place and were surprised to see her get on the P. L. & W. train at Rogers. She is now at her brother's. She told her sons they need not try to take her back to Dixmont. They say they cannot induce her to return. The matter is not settled whether the sheriff shall assist them or whether the Dixmont authorities be appealed to. Her condition is due to religious emotions and beliefs.

Sheriff Leonard received word this afternoon that a Beaver county official would arrive from the Dixmont (Pa.) hospital tomorrow morning to convey Mrs. Brown to that institution.

A BATTLE ROYAL

Is Promised for the Possession of Valuable Mines in Bellaire District.

Bridgeport, April 1.—It now looks very much as if there would be a battle royal for the valuable coal lands of Belmont, Harrison and Jefferson counties. A few days ago the indications were that the Osborne-Saeger company and Pittsburg and Cleveland parties would have no trouble in securing the control of the leading mines and territory in these counties, and several deals were made.

The Pittsburg combine has concluded to enter this field and if possible block the other company that is securing the territory to compete with them. Yesterday the Pittsburg combine purchased the Roby Coal company's mine and the territory at Adena, on the W. & L. E. and B. & O. railroads, and it is said that the amount paid was little short of \$1,000,000. The mine has just been opened a short time, and is well equipped with modern mining machinery, and it is said, has about 11,000 acres of territory of splendid coal, which lies contiguous to the W. & L. E. and the road in construction which runs from Adena to Bellaire, and is controlled by the Wash. It is said the new owners will make two new openings immediately and commence operations. This property is considered one of the most valuable in eastern Ohio.

The Osborne-Saeger company did not seem alarmed at this invasion, but is going ahead buying mines.

IMPORTANT BOER CONFERENCE.

Kruger, Leyds and Others to Meet April 2, Owing to Schalk-burger's Movement.

The Hague, April 1.—Mr. Kruger, Dr. Leyds and the Boer delegates in Europe are expected to hold an important meeting at Utrecht, April 2, to consider the situation in view of Acting President Schalkburger's peace movement. Well informed people here say General Schalkburger was evidently influenced by the receipt of the news of the result of the Dutch note to Great Britain on the subject of peace in South Africa and other dispatches sent him from here. It is known that his communications with President Steyn and General DeWet, which have heretofore been easily carried on, were interrupted by the recent British military movements, and, as it was necessary to communicate with Mr. Steyn and General DeWet before any peace proposition could be formulated, General Schalkburger had to apply to Lord Kitchener for a safe conduct.

Considerable surprise is expressed here at Schalkburger's delay in getting in touch with DeWet and it is thought that something unusual must be behind it.

But even if the Orange Free state and Transvaal officials agreed to peace terms it would be necessary for both republics to call a general meeting of the commanders and submit the proposals to the burghers before they could be submitted to Lord Kitchener. In any case, unconditional surrender, it is declared, is out of the question.

Brief Notes of a Personal Nature and of Matters About Town.

A Son Born—A son has been born to Mr. and Mrs. M. D. Logan, of Third street.

Entertaining Friends—Mrs. Louis Steinfeld entertained a number of lady friends this afternoon.

Improving His Property—M. O. Fisher is making extensive improvements to his Lisbon street property.

Clerks Will Meet—The local clerks' union will meet tonight for the first time in the new headquarters in the postoffice building.

Erecting a New House—City Commissioner Alex Bryan last week began the erection of a fine new residence on McKinley avenue.

Election of Officers—The Woman's Missionary society of the M. E. church meet tonight for the purpose of electing officers for the coming year.

Will Sew And Eat—The ladies' missionary society of the First Presbyterian church will have an all-day sewing and lunching tomorrow at the church.

New Addition to the City—City Engineer J. Charles Kelly will soon commence to plat the property of the Wucherer estate, for years known as the "old Surles brick yard." Three streets are laid through this property, namely, Cadmus, Sophia and Minerva. There will be quite a number of these lots sold as soon as the plat is completed, and it will not be long until several houses are under course of erection in this addition.

No Dynamite in It—Frank M. Foutts, the grocer, received a mysterious parcel through the mail this morning. He opened it with caution.

but was surprised when he undid the wrapper to hear a whizzing noise. Visions of dynamite arose before him, but he looked closer and discovered a toy fly, whose wings had been confined by a rubber band until he unwrapped the package. The parcel came from Little York, Ill., and was an April fool joke.

Suspected of Insanity.

Lisbon, April 1. — (Special.) — Josephine, wife of Edward McLaughlin, of Lisbon, is to be examined this afternoon in probate court as to her sanity. Her family desire that she be sent to Massillon.

CONTRACTORS' DECISION.

The East Liverpool Contractors association has adopted the following resolution:

Resolved, first, That we will pay all men whom we consider worth the price \$3 per day and allow eight hours for Saturday.

Second, That all work contracted for prior to January 1 be completed at the old scale.

Third, That contractors will make their own arrangements with their foremen.

Fourth, That we require that journeymen refrain from job work or contracting; otherwise we will not employ carpenters who do the same.

McGraw has signed McGinnity. Howell, Hughes, Foreman and Nops to pitch. Robinson, Bresnahan and Erickson to catch. McGinnity, Williams, Gilbert and McGraw for the infield and Kelly, Selbach, Donlin and Seymour for the outfield. McGinnity is an exploded phenomenon. Without a strong fielding team behind him he cannot make the record he did when a Brooklyn player. The catching department is only fair, the infield is erratic, and the outfield, unless Kelly plays there, is merely an average combination.

Detroit has Miller, Stevers, Yeager, Millins, Mercer and Crystal for pitchers, Casey and Elberfeld for the infield and Harley, Barrett and Holmes for the outfield. There is more real American league blood in the team than in any in the circuit. It is one of those organizations that, as a rule, are quite certain to give the spectators value received in the shape of a lively game, but when it comes to a finish the players will probably be found lagging far behind the band wagon.

Amateur Billiardists.

Organization is a prominent factor in the advancement of amateur billiards. The "pros" drift along idly, as a ship at sea without a rudder, playing at will and under all sorts of conditions. Amateurs, on the contrary, are held strictly to account and subjected to the demands of a systematic body of controllers. They have proved clearly that business principles are not out of place in the sporting world.
